Of the Legislative Department.

CHAPTER I.

SECTION 1. The Legislative power of the City and County of San Francisco shall be vested in two Boards of Supervisors or Houses of Legislation, one of which shall be styled the Board of Aldermen and the other the Board of Assistant Aldermen. Said Boards, taken together, shall constitute the Boards of Supervisors of the City and County of San Francisco, but may be designated, styled and known as the "Supervisors" of said city and county.

The powers of the Supervisors are those expressly granted in this Charter.

SEC. 2. The Board of Aldermen shall consist of twelve persons, who shall be elected by general ticket from the city and county at large, by the qualified voters thereof, at the election hereinafter provided for, and shall hold office for the term of four years, subject to the exception stated in the next section, by which they shall be so classified that after the first election only six shall be elected every two years. Every member of the Board of Aldermen shall be a qualified elector, at least thirty years of age, and shall have been a citizen of this State, and an inhabitant of the city and county for at least five years, next before the day of his election.

SEC. 3. Of the members of the Board of Aldermen first elected, under this Charter, the six receiving the highest number of votes shall hold their office for four years, and the other six for only two years, and in case of a tie vote at the first election the right to hold for two years or for four years shall be determined by lot between the contestants. At each election thereafter, members of the Board of Aldermen shall be elected to succeed those whose terms are about to expire.

SEC. 4. The Board of Assistant Aldermen shall consist of one member from each ward who shall have been a resident therein for at least two years, to be elected likewise by general ticket every two years by the qualified voters of the city and county at large at the election herein provided for, and they shall hold office for the term of two years. The qualifications of members of the Board of Assistant Aldermen shall be the same as those herein prescribed for members of the Board of Aldermen.

SEC. 5. No person shall be eligible as a member of the Board of Aldermen or Board of Assistant Aldermen who shall have been convicted of malfeasance in office, bribery, or any other infamous crime, and any such conviction during his term of office shall cause the forfeiture of his seat in the said Board, and the vacancy shall be filled as in other cases.

SEC. 6. Any vacancy occurring in the office of Alderman or Assistant Aldermen shall be filled by the Mayor, and the person so selected by him shall possess the qualifications herein above prescribed for the members of either of said Boards, and shall hold office for the unexpired term. .

SEC. 7. The Boards shall meet in separate chambers, and the majority of all the members elected or appointed to each shall be a quorum; but a smaller number may adjourn from day to day and compel the attendance of absent members in such manner and under such penalties as each Board may prescribe.

SEC. 8. Each Board shall:

First—Choose a President from its own members, and when chosen he can be removed before the expiration of his term as Alderman or Assistant Alderman only by the vote of three-fourths of all the members of the Board of which he shall have been chosen President.

Second—Appoint a Clerk, and when authorized to do so by ordinance, such other clerks—not exceeding three for the Aldermen, and one for the Assistant Aldermen, and one Messenger for each Board—as may be found necessary for the transaction of business.

Third—Determine the rules of its own proceedings.

Fourth—Be the judge of the qualifications and election returns of its own members.

Fifth—Keep a journal of its proceedings, and allow the same to be published, and the yeas and nays of the members on any question shall, at the desire of any member, be taken and entered therein.

Sixth—Have authority to punish its members for disorderly or contemptuous behavior in its presence during its session, and to expel any member with the concurrence of two-thirds of the members elected or appointed to the Board, specifying in the order of expulsion the cause thereof. Every member expelled from either Board shall thereupon forfeit all his rights and powers as Alderman or Assistant Alderman.

Seventh—Have power to compel attendance of witnesses and production of papers pertinent to any business before the Board. All sessions, meetings and proceedings of either Board shall be open to the public.

SEC. 9. The Boards shall each meet upon the first Monday of each month, or if that day shall be a legal holiday, then upon the succeeding day, and neither Board shall, without the consent of the other, adjourn for more than seven days at any one time, or to any other place than that in which the two Boards may be sitting. They shall also meet at such times as are otherwise provided for in this Charter.

SEC. 10. The Clerk of the Board of Aldermen shall hold office during the pleasure of the Board. He shall have power to administer oaths and affirmations in all cases pertaining to his duties and the affairs of his office without charge for the same, and shall perform such other services as shall be prescribed by the Board. He shall, by virtue of his office, be Clerk of the Supervisors, and shall perform all of the duties of Clerk of the Supervisors except such as are assigned or appertain to the Clerk of the Board of Assistant Aldermen, without additional compensation to that paid him as Clerk of the Board of Aldermen. It shall be his duty to keep in his custody the seal of the City and County, and all leases, grants, deeds of conveyance, and other documents, records and papers not specially pertaining or applying to the Board of Assistant Aldermen; and his signature shall be necessary to all leases, grants, contracts and conveyances; he shall also keep and retain in his custody all resolutions and ordinances of the city and county after the same shall have received the approval of the Mayor, or otherwise become valid under this Charter; it shall be his duty to keep open for inspection at all reasonable times, any and all papers and

documents, instruments, records, resolutions or ordinances in his custody, and to furnish copies thereof certified under his name and the seal of the City and County, to all persons demanding the same and paying therefor the proper fees.

SEC. 11. The Clerk of the Board of Assistant Aldermen shall hold office during the pleasure of the Board. He shall have power to administer oaths and affirmations in all cases pertaining to his duties and the affairs of his office without charge for the same, and to certify and authenticate copies of all records, papers and documents in his official custody to all persons demanding the same, and paying therefor the proper fees, and shall perform such other services as shall be prescribed by the Board. It shall be his duty to keep open for inspection at all reasonable times the records and minutes of the proceedings of the Board, and all documents in his official custody.

SEC. 12. No member of the Supervisors shall, hold any other office, Federal, or State or Municipal, nor shall he be an employee of the City and County, or of either of the said Boards in any capacity whatever, and no claim for compensation shall be audited or paid for services as such officer or employee, nor shall he directly or indirectly be interested in any contract with the city and county, or any Department or institution thereof, nor shall he advance moneys or furnish material or supplies for the performance of any such contract, nor shall he either directly or indirectly, recommend, solicit, advise, request, or in any manner use his influence to obtain the appointment of any person to any office, position, place or employment under the city and county government, or any department, board, or officer thereof. A violation of any of the provisions of this Section shall cause a forfeiture of his office.

SEC. 13. Every Legislative Act of the city and county shall be by ordinance. The style of ordinance shall be: "*Be it ordained by the Supervisors of the City and County of San Francisco, as follows:*" No ordinance shall be passed, except by bill, and no bill shall be so amended in its passage through either Board as to change its original purpose.

SEC. 14. No bill shall become an ordinance unless on its final passage a majority of the members elected or appointed to each Board vote in its favor, and the vote be taken by yeas and nays, and the names of the members voting for and against the same be entered in the Journal.

SEC. 15. No amendment to bills by either Board shall be concurred in by the other, except by a vote of the majority of the members elected or appointed thereto, taken by yeas

and nays and the names of those voting for and against, recorded in the Journal thereof, and reports of committees of conference shall be adopted in either Board only by the vote of the majority of the members elected or appointed thereto taken by yeas and nays, and the names of those voting recorded in the Journal.

SEC. 16. No ordinance shall be revised, re-enacted or amended by a reference to its title; but in such case the ordinance revised or re-enacted, or the section thereof amended, shall be re-enacted at length, as revised, re-enacted or amended.

SEC. 17. Every ordinance shall embrace but one subject which shall be expressed in its title, but if any subject shall be embraced in an ordinance which shall not be expressed in its title, such ordinance shall be void only as to so much thereof as shall not be expressed in its title.

SEC. 18. When a bill is put upon its final passage in either Board, and fails to pass, and a motion is made to reconsider the vote by which it was defeated, the vote upon such motion to reconsider shall be immediately taken, and the subject finally disposed of before the Board proceeds to any other business.

SEC. 19. No ordinance shall take effect or go into force until ten days after its approval unless it is otherwise expressed in the said ordinance.

SEC. 20. Every bill, after it shall have passed the two Boards, shall be signed by the presiding officer of each of the Boards in open session in authentication of its adoption by said Board. In signing such bill for authentication the presiding officer shall call the attention of the Board to the bill, and that he is about to sign it, and if any member request, the bill shall be read at length for information as to its correctness as enrolled. If any member shall object that the bill is not the same in substance and form as when considered and passed by the Board, such objection shall be passed upon, and if sustained, the presiding officer shall withhold his signature and the bill shall then be corrected and signed before the Board proceeds to any other business.

SEC. 21. Every bill which shall have passed the two Boards and been authenticated as provided for in the last section, shall be presented to the Mayor for his approval. The Mayor shall return such bill to the Board in which it originated within ten days after receiving it. If he approve it, he shall sign it, and it shall then become an ordinance. If he disapprove it, he shall specify his objections thereto in writing. If he do not return it with such disapproval within the time above specified, it shall take effect as

if he had approved it. The objections of the Mayor shall be entered at large on the Journal of the Board in which such bill originated, and the Board shall cause them to be immediately published in the official newspaper. The Board to which said bill shall have been returned with the objections of the Mayor, shall, after five days and within twenty days after such bill shall have been so returned, proceed to reconsider and vote upon the same, and if the same shall upon reconsideration, be again passed by both Boards by a vote of at least three-fourths of all the members elected or appointed to each Board, it shall take effect; but if the bill shall fail to receive upon the first vote thereon in either Board such number of affirmative votes it shall be deemed finally lost. In all cases the votes shall be taken by yeas and nays and the names of the persons voting for or against its passage on such reconsideration shall be entered in the Journals of each Board; and if three-fourths of all the members elected or appointed to each Board vote in the affirmative, the presiding officers of the respective houses shall certify that fact on the bill, attesting the same by their signature, and when thus certified, the bill shall become an ordinance with like effect, as if it had received the approval of the Mayor.

SEC. 22. All ordinances and resolutions shall be deposited with the Clerk of the Supervisors, who, after recording the same at length in a suitable book provided therefor, shall preserve the same in the archives of his office.

SEC. 23. No general appropriation bill shall ever be passed, but every appropriation shall be for the specific amount of the claim to be paid, and no more; and each ordinance authorizing the payment of money shall contain one claim only which shall be expressed in the title. Every ordinance providing for any specific improvement, the granting of any privilege or involving the lease or appropriation of public property, or the expenditure of public moneys (except for sums less than five hundred dollars) or levying any tax or assessment, and every ordinance imposing a new duty or penalty shall, after its introduction in either Board, be published with the yeas and nays in the official newspaper at least five successive days before final action upon the same by the Board in which it was introduced; and in case such ordinance shall be amended before final passage in said Board, then the bill as amended shall be so published in the same manner and for a like period of time before final action by such Board thereon.

CHAPTER II.

LIMITATION OF POWER.

SECTION 1. It is declared to be the intent and purpose of this Charter that the income and revenue provided by the Supervisors from taxation, licenses, fines, and such other sources as they may lawfully draw upon, and actually collected and paid into the Treasury, for each and every fiscal year, shall pay the interest and provide for the Sinking Funds of all legally contracted funded debts valid and outstanding at the time this Charter takes effect, (which are made preferred claims over all others) and shall maintain the city and county Government and pay all the expenditures thereof of every possible nature and description during such fiscal year; and that no expenditures, debts or liabilities shall be made, contracted or incurred during any fiscal year that cannot be so paid.

Said city and county shall not, nor shall the Supervisors, the Board of Education, or any other Board, Department or authority, for or on behalf, of said city and county, or any district, sub-division or portion thereof, make, contract or incur during any fiscal year any expenditure, indebtedness or liability in any manner or for any purpose which cannot, together with the interest and sinking funds of all legally contracted funded debts then existing, and together with all the other expenditures, indebtedness and liability up to such time made, contracted or incurred during such fiscal year, be paid out of the income and revenue actually provided, collected and paid into the Treasury as the income and revenue for such fiscal year; or which, taken together with all the other expenditures, indebtedness and liabilities up to such time incurred within the fiscal year current and pending when such indebtedness or liability is contracted or incurred, or attempted to be contracted or incurred, together with the necessary payments for interest and sinking funds as aforesaid, shall exceed the income and revenue provided, collected and actually paid into the Treasury, as and for the income and revenue of such fiscal year. Any and all contracts, indebtedness or liabilities incurred, or attempted to be incurred, contrary to the provisions of this Section, shall be void, and shall not be paid out of the Treasury, nor shall they be deemed to constitute or lay the foundation of any claim, demand or liability, legal, equitable or otherwise, against the said city and county, but in such case the Auditor, if it shall be proved that he has given an untrue or incorrect certificate, as required by section 12 of this chapter, and each Supervisor, School Director or other officer or member of any

Board, Department or authority voting to authorize or incur such expenditure, demand or liability upon its final passage, or having otherwise wilfully contributed to the authorization, incurrence or approval of the same shall be liable in his individual capacity, as well as upon his official bond, to the holder of such claim for payment thereof. The terms expenditures, indebtedness and liabilities herein used are intended to include official salaries and the pay of all employees of said city and county, or any of its departments, and every possible payment of money from the Treasury for any purpose.

SEC. 2. No part of the income or revenue provided for any particular fiscal year shall ever be applied in payment of any indebtedness or liability incurred during any previous fiscal year, the interest and Sinking Funds upon the lawfully contracted and funded City and County debt alone excepted.

The fact that a demand against the Treasury was incurred during any particular fiscal year, and that the income and revenue provided, collected and paid into the Specific Fund to be charged therewith as the portion of income and revenue provided for such Specific Fund for such year has been in any manner exhausted, leaving such demand unpaid, shall be conclusive as to the invalidity of such demand, so far as said city and county is concerned, and the Auditor and Treasurer, if either of them has in any manner failed in his duty, as provided in this Chapter, and each Supervisor, School Director or other officer or member of any Board, Department or authority voting to authorize or incur such expenditure or liability upon its final passage, or having otherwise wilfully contributed to the authorization, incurrence or approval of the same, to the prejudice or injury of the holder of such demand, shall be severally and respectively liable in person, and upon their respective official bonds, to make good to such holder any loss resulting from their respective official neglect or misconduct. All Boards, Departments, officers, deputies, clerks and employees of said city and county, and all dealers, purveyors, contractors, bidders and others performing work or services or furnishing material, supplies or other thing, or having or seeking business or dealings of any kind or nature whatsoever with said city and county, or any of its Boards, Departments or officers, are hereby directly and specifically informed and made to know and charged with notice of the provisions of this Chapter.

SEC. 3. Any claim or demand against the Treasury, or any fund thereof remaining unpaid at the end of the fiscal year for want of money, and which would be valid but for such cause, shall hold good as to any money which may subsequently

come into the proper fund in the Treasury, as delinquent taxes or other uncollected income or revenue for such year, but for no other purpose, as against said city and county. Such claims shall be paid out of such delinquent revenue, for such fiscal year, when collected, in the order of their date of creation, or incurrence, and in accordance with the rules laid down in this Charter as to the various Specific Funds required by law to be kept in said Treasury.

SEC. 4. It shall not be lawful for the Supervisors, the Board of Education or any other Board, Department or officer to give preference in favor of one claim over another against the same Specific Fund in the authorization, allowance or approval thereof; but claims shall be acted upon, and either allowed or rejected in the order in which they accrue and are presented.

SEC. 5. The fiscal year of said city and county shall begin on the first day of July and end on the thirtieth day of June, following. The records, accounts and books of the Supervisors and all boards, departments and officers having anything to do with the incurring of expenditures, indebtedness or liabilities, or of authorizing, certifying, allowing, approving or in any manner passing upon claims or demands upon the Treasury, or any of its Specific Funds, shall make distinct rests, and balances, in the records, books and proceedings at the end of each fiscal year, and shall commence anew with the next fiscal year.

SEC. 6. Every act, ordinance or resolution of the Supervisors, or any other Board, Department or authority, authorizing or providing for the payment of any claim or demand against the Treasury, or any Specific Fund thereof, in addition to the other proceedings, entries and endorsements upon the same required by any of the provisions of this Charter, shall set forth, and show on the face of such demand, ordinance or authorization, the name of the Supervisors, Board, Department or authority authorizing the same, the fiscal year in which the same was incurred and out of the income and revenue of which it is alone payable, the name of the Specific Fund and the number of the claim as to such Specific Fund, for such fiscal year, commencing the fiscal year with No. 1 of the Specific Fund upon which it is drawn, which shall be its special number. Each ordinance may have a general number in addition to the special number which shall likewise commence and end with the fiscal year and shall embrace the whole number of ordinances or resolutions for the year. Each demand shall likewise have written or printed upon it a statement showing that the same can only be paid out of the income and revenue provided, collected and paid into the proper Specific Fund in the Treasury for the fiscal year in

which it was incurred, and shall refer to Chapter II of this Article.

SEC. 7. It shall be the duty of the Auditor to keep an official register of all claims against the various Specific Funds in the Treasury presented to him for allowance or audit, entering them therein as soon as presented, and numbering them in the order of their presentation as to such Specific Fund, and shall show the special number of the demand as acted upon by the Supervisors or the Board, Department or authority authorizing the same and to act upon and allow or reject the same in the order of their priority as to payment. He shall not allow or approve any claim out of its order or give priority to one claim over another claim drawn upon the same Specific Fund, to the prejudice of such other, unless such claim be entitled thereto. A transcript of the Auditor's register of claims shall be by the Auditor furnished and delivered to the Treasurer, so that he shall at all times know what claims are pending or have been allowed against each Specific Fund.

SEC. 8. Every lawful demand upon the Treasury, duly audited as in this Charter required, shall in all cases be paid on presentation, and cancelled with a punch cutting the word "cancelled" therein, and the proper entry thereof be made, if there be sufficient money in the Treasury belonging to the Specific Fund out of which it is payable and applicable to the payment of such demand under the provisions of this Chapter; but if there be not sufficient money belonging to said Specific Fund and so applicable, then it shall be registered in a book kept for that purpose by the Treasurer. The register to be kept by the Treasurer shall show the special number given by the Supervisors or other authority, and also by the Auditor to each claim presented, also when presented, the date, amount, name of original holder and on what account allowed and out of what Specific Fund payable, and being so registered shall be returned to the party presenting it, with an endorsement of the word "registered," dated and signed by the Treasurer, *provided* that no claim or demand presented to the Treasurer after the close of the Fiscal year, during which such claim or demand was contracted or incurred, shall ever be registered or entitled to registration; but the fact that any claim or demand is not registered shall not affect its right to payment out of any money then in the proper Specific Fund in the Treasury or which should afterwards come into the proper Fund out of the income and revenue of the proper Fiscal year, and applicable to the payment thereof, as provided in this Chapter, and, *provided, further*, that the registration of any claim or demand shall not operate in any manner to recognize or make valid such claim or demand if incurred in contraven-

tion of any of the provisions of this Charter. The Treasurer shall not give or allow priority in payment of one claim over another claim drawn upon the same Specific Fund, or pay claims out of their order to the detriment, delay or injury of the holder of any claim.

SEC. 9. If the Auditor refuses or omits to approve or allow any claim or demand when presented to him, which has been regularly authorized approved and allowed by the Supervisors, the Board of Education or any other authority having power to contract or incur liabilities against the Treasury, and which is shown to have been regularly passed upon, authorized and approved by all the authorities necessary to constitute a valid claim under this Charter, except the Auditor alone, and drawn upon the proper Specific Fund, and in all respects legal in substance and form, and which only lacks the allowance of the Auditor to entitle the same to payment out of the Treasury, and out of the Specific Fund upon which it is drawn, all of which must appear upon its face, then, and in such case the holder of such claim may serve a certified copy thereof, with the proceedings had thereon, upon the Treasurer, who shall at once set aside and reserve a sum out of the appropriate Specific Fund sufficient to liquidate said claim, should it finally prove valid, if there be money in such Specific Fund, which would be lawfully applicable to such payment if allowed by the Auditor, and if there be no such money, then out of any money that may afterwards come into such Fund as its portion of the income and revenue of the Fiscal year in which such claim was incurred and applicable to such payment under the provisions of this Chapter. Such money shall remain in reserve till the question of the validity of the claim is determined, and the holder of any valid audited claim against the same Specific Fund subsequent in time, payment of which is delayed by reason of such reservation shall have the right to contest the same as a party in interest.

SEC. 10. It shall not be lawful for the Supervisors, Board of Education, or for any Board or authority having power to incur, authorize or contract liabilities against the Treasury of said city and county, to incur, authorize, allow, contract for, pay, or render payable, in the present or future, in any one month, any expenditure, demand or demands against said Treasury, or any of the Specific Funds thereof, which taken with all other expenditures, indebtedness or liability made or incurred up to the time in such month, of making or incurring the same which shall exceed one-twelfth part of the amount of money provided by the Supervisors, and actually collected and paid into the Specific

Fund, as and for the income and revenue of the fiscal year during which such liability, expenditure or demand is incurred, and apportioned to the Specific Fund, to be charged therewith and allowed by law in force at the time such expenditure is made or liability incurred, to be expended out of such Specific Fund as the money apportioned to the same for such fiscal year; but this provision shall not apply to such appropriations as from their nature are not continuous or running expenses, but are intended to be, and can be lawfully made in single payments or sums. If at the beginning of any month any money remains unexpended in any of the Specific Funds set apart for maintaining the Municipal Government, and which might lawfully have been expended the preceding month, such unexpended sum or sums, except so much thereof as may be requisite to pay all valid unpaid claims upon such Specific Fund, may be carried forward in the same Specific Fund and expended by order of the Supervisors in any succeeding month of such fiscal year, but not afterwards, except in payment of claims lawfully incurred during such fiscal year; and all officers and others are charged with notice of the condition of the Treasury of said city and county, and of the extent of the claims against the same. The Auditor, should he give an incorrect or untrue certificate when called upon to act as provided by Section 12 of this Chapter, and thus permit the authorizing or allowing of any claim or demand upon or against said Treasury, or any Specific Fund thereof, in violation of any of the provisions of this section, and each Supervisor, School Director or other officer or member of any Board, Department or authority voting to authorize or incur such expenditure or liability upon its final passage, or having otherwise wilfully contributed to the authorization, incurrence or approval of the same shall be liable in person, and upon his official bond, to the contractor or person damaged by such illegal authorization, to the extent of his loss by reason of such action.

SEC. 11. The limitations in the preceding section contained upon the payment of money, or the incurring of any debt or liability, shall not apply in case of any great public necessity or emergency; but in such cases, such limitations may be temporarily suspended as to any lawful contract, authorization or expenditure necessary to provide for such necessity or emergency; *provided*, that such expenditure, contract or authorization shall only be made by ordinance, passed by the unanimous vote of all members elected or appointed to said Boards of Supervisors, and entered in the Journals of the Boards of Supervisors respectively, and

the character of such necessity or emergency shall be recited in the ordinance authorizing such action, and such ordinance must be approved in writing by the Mayor, Auditor and Treasurer of said city and county; but nothing in this exception or proviso shall be deemed to allow of the incurring of liabilities against the Treasury or any Specific Fund thereof, not allowed by law, or which cannot be paid out of the income and revenue provided, collected and paid into the proper Specific Fund as the proportion of the same for such fiscal year, or to permit liabilities or indebtedness incurred in any one fiscal year to be a charge upon or paid out of the income or revenue of any other fiscal year.

SEC. 12. All ordinances or resolutions appropriating money or incurring any indebtedness or liability against the Treasury or any Specific Fund thereof introduced in either of the Boards of Supervisors, or in the Board of Education, or other Department or authority, shall, before being passed, be referred to the appropriate standing committee, who shall present the same to the Auditor, in order that he may certify if such be the fact that such an appropriation can be made or indebtedness incurred without violating any of the provisions of this Chapter; and until the Auditor shall so certify in writing upon such claim, ordinance or resolution, no further action shall be had upon the same; *provided*, that such certificate of the Auditor shall not take the place of or affect the allowance of such claim and final action of the Auditor thereupon as in this Charter elsewhere provided.

SEC. 13. Neither the City and County of San Francisco, nor the Supervisors, Board of Education, or any other Department or authority, shall ever have power to legalize, allow, make valid, or in any manner recognize any claim or demand against the city and county, or its Treasury, which was not at the time of its incurrence or creation a valid claim against the same, and authorized by law; nor shall they, nor any of them, ever allow or authorize to be paid, or in any manner recognize any claim or demand which, without such action, would be invalid, or which shall then be barred by any statute or law of limitation, or for which said city and county was never legally liable, and any act or proceeding in contravention of this Section shall be void.

SEC. 14. Any taxpayer of said city and county may maintain an action to restrain or prevent any Board, Department, officer or authority from incurring, authorizing, allowing or paying any demand or liability against the Treasury, or any Specific Fund thereof, in contravention of any of the provisions of this Charter, or to compel the return of and payment to the Treasury of any sum so paid out.

CHAPTER III.

OF TAXATION AND SPECIFIC FUNDS.

SECTION 1. The expenditures of, and the debts and liabilities against, the city and county, payable out of Specific Funds, shall only be paid as is limited and controlled by the provisions of this Chapter, anything in this Charter to the contrary notwithstanding. No Department, Board or officer shall make any expenditure, or authorize or incur any liability against the Treasury or any Specific Fund therein, unless expressly authorized so to do by an ordinance of the Supervisors, made in pursuance of law and of the express powers granted by this Charter.

SEC. 2. The income and revenue provided, collected and paid into said Treasury shall be kept in separate Specific Funds as hereinafter provided: and it shall not be lawful to transfer money from one Fund to another Fund, or to use the same in the payment of demands upon another Specific Fund.

Nor shall any surplus remaining in the Treasury at the end of any fiscal year be carried over to any future year except as otherwise expressly provided in this Chapter, so long as any unpaid funded debt of said city and county remains outstanding, but all such moneys shall be applied under such regulations as the Supervisors may prescribe for the liquidation of such funded debt, after which any surplus in the Treasury at the end of any fiscal year shall be carried forward to the credit of, and be used during, the following year.

SEC. 3. On or before the last Monday of May in each year the Auditor shall prepare and transmit to the Supervisors, accompanied with the estimates and reports of each department, which he shall require to be delivered to him, an estimate of the probable necessities of the city and county Government for the next ensuing fiscal year, giving the amount required to meet the interest and sinking funds for any and all valid outstanding funded debts, together with the amount needed for salaries and the probable wants of all the departments of the municipal government in detail, and showing specifically the necessities of each of the several Specific Funds to be provided for in the Treasury. The estimate shall also show, as nearly as may be, what amount of income and revenue is likely to accrue to the Treasury, and be collected from fines, licenses, and all other sources of revenue, exclusive of taxes upon property, and shall give an estimate of what amount will be required to be levied and raised by tax upon all property in said city and county subject to taxation, in order to meet the necessities of such fiscal year.

SEC. 4. On or before the first Monday of June in each year the Supervisors shall levy the amount of taxes for city and county purposes required by law to be levied upon all property not exempt from taxation, said amount to be such as the said Supervisors may deem sufficient to provide for the payment of all demands upon the Treasury thereof, authorized by law to be paid out of the same; *provided*, that from and after the taking effect of this Charter and until the fiscal year beginning July 1st, 1891, the total amount of annual income and revenue, exclusive of State taxes and exclusive also of the tax to raise the amount necessary for the payment of the interest, and for the maintenance of the several Sinking Funds on the bonded indebtedness of the city and county that shall be provided and raised by the Supervisors for all city and county purposes, by taxation upon all property in said city and county subject to taxation, shall not exceed in any one year, in the aggregate from such source, such sum or amount as would be produced by a levy of one dollar on each one hundred dollars valuation of such property, upon a total assessed valuation of two hundred and ten million dollars—namely, two million one hundred thousand dollars; it being expressly provided that should the assessed value of all the property in said city and county subject to taxation in any year within said period above named advance above said total of two hundred and ten million dollars, then and in such case the tax rate for the year must be correspondingly reduced below said rate of one dollar on the one hundred dollars, so as to raise no more than said sum of two million and one hundred thousand dollars as the total income and revenue from taxation upon property subject to taxation for all city and county purposes for such year; and *provided, further*, that after said July 1st, 1891, and each ten years thereafter, should the census taken by the United States at the end of any decade show an increase of population in said city and county over that of the preceding census, then and in such case, should the public interests require it, the annual income and revenue provided by the Supervisors for all city and county purposes by taxes on all property subject to taxation for any fiscal year may be increased in a ratio or proportion not greater than the increase of such population over the population as found by the United States census for the year 1880, and such proportion or ratio between taxation upon property in said city and county for city and county purposes as above provided, and the population of said city and county in the year 1880 shall never be exceeded, but the Supervisors may for any fiscal year provide and raise as much less income and revenue from taxation upon property as they shall deem for the public inter-

ests; *provided, further*, that the Supervisors shall, in making the said levy of said taxes, apportion and divide the taxes so levied and to be collected and applied to the several Specific Funds provided for in this Charter, according to the estimate of said Supervisors, of the necessities of the said several and respective Specific Funds, and *provided, further*, that the said Supervisors shall authorize the disbursements of said money for the purposes specified and provided for in this Chapter, creating and regulating the various Specific Funds in the Treasury, and at the close of each fiscal year, *provided*, that all claims against each Specific Fund have been respectively paid or satisfied, and all disputed or contested claims finally adjudicated, shall direct the Treasurer to transfer all surplus moneys, except that in the several Interest and Sinking Funds, Common School and Police Health and Life Insurance Fund, and such other Funds as are hereinafter specially provided to be disposed of in a different manner, to a special fund, to be called the Surplus Fund, which shall be used under such regulations as the Supervisors may adopt in extinguishing any final judgment against said city and county as elsewhere provided in this Charter and any valid existing funded debt, and when no such debt remains, then, and not before, such Surplus Fund may be carried forward to the next succeeding fiscal year, and applied to the payment of the ordinary current expenditures of the government of said city and county, and shall be considered and taken *pro tanto* as part of the income and revenue for such year, and subject to all the laws governing the same; *provided, further*, that the actual money collected and paid into each one of the Specific Funds as its share or proportion of the income and revenue of any fiscal year shall be the maximum limit of expenditure, indebtedness and liability that can be lawfully incurred during such fiscal year, against said Specific Fund, or paid therefrom, and that any expenditure, indebtedness or liability, which taken with all other expenditures, indebtedness and liabilities up to such time incurred against said Specific Fund during the fiscal year shall exceed such actual money so paid into the same, shall be void. In apportioning and dividing the annual taxes to be levied upon all property subject to taxation among the various Specific Funds, as above provided, the Supervisors shall take into account and apportion and divide the income and revenue to arise during the year from licenses, fines and all other sources of revenue, according to the estimate thereof, among, or to, any one or more of said Funds, so as to provide for the necessities of such Funds for the ensuing fiscal year; *provided*, that the income to pay the Interest and provide for the Sinking Funds for the public debt shall be provided for out of the tax upon property.

SEC. 5. In estimating the amount of money necessary to carry on the government for the fiscal year, and determining and fixing the requirements of the various Specific Funds of the treasury, for the purpose of making the annual tax levy, the Supervisors shall keep a record of the proceedings and transactions, and each item estimated upon and provided for, showing in detailed items, precisely what money they intended to raise and how it was intended to be applied, which records and items shall be official records, and shall be published with the annual reports; and any item of proposed or intended expenditure shall either be applied to the purpose for which it was raised, or shall not be expended during such fiscal year, but shall pass into and become a part of the Surplus Fund at the end of the fiscal year, as in this Charter provided.

SEC. 6. Any expenditure contemplated by the Supervisors and not falling within the usual annual expenditure, or embraced within the terms of any existing Specific Fund, and estimated to exceed \$25,000, shall be provided for and specifically named in the tax levy, and when collected shall be placed in a Special Fund, and used only for such contemplated purpose, and subject in all respects to the rules governing the other Specific Funds of said treasury; but nothing herein contained shall be deemed to authorize the raising or expenditure of money unless specifically authorized by law and this Charter.

He may appoint a clerk.

SEC. 2. The Mayor shall vigilantly observe the official conduct of all public officers of the city and county, and take note of the fidelity and exactitude, or the want thereof, with which they execute their duties and obligations, especially in the collection, custody, administration and disbursement of the public funds and property; and the books, records, and official papers of all Departments, Boards, Officers, magistrates, and persons in the employ or service of the city and county shall at all times be open to his inspection and examination. He shall take special care to see that the books and records of all such Departments, Boards, officers and persons are kept in legal and proper form; and any official defalcation, or willful neglect of duty, or official misconduct which he may discover or which shall be reported to him, shall, at once, be laid before the Supervisors and the Grand Jury, or District Attorney, in order that the public interests shall be protected, and the person in default be proceeded against according to law. He shall, from time to time, give the Supervisors information relative to the state of the city and county, and shall, in writing, recommend such measures as he may deem beneficial to the interests of the city and county. He shall see that the laws of the State and the laws and ordinances of the city and county are observed and enforced. He shall have the power and it shall be his duty to appoint a competent person or persons, expert in matters of bookkeeping and accounts, to examine the books, records, condition and affairs of any Department, Board, Officer or employee of said city and county, whenever he shall deem it necessary, and enforce such examination. Any such person refusing to permit or submit to such official examination, or purposely delaying or impeding the same, may be suspended from office by the Mayor, and removed by the Supervisors. He shall have a general supervision over all the Departments and public institutions of the city and county, and see that they are honestly, economically and lawfully conducted. He shall take all proper measures for the preservation of public order, and the suppression of all riots and tumults, for which purpose he is authorized and empowered to use and command the police force, and if such police force is insufficient, it shall be his duty to call upon the Governor for military aid, in the manner provided by law, in order that such riots or tumults may be promptly and effectually suppressed.

SEC. 3. The Mayor shall see that all contracts and agreements with the city and county are faithfully kept and fully performed; and to this end, he shall cause legal proceedings to be commenced

and prosecuted in the name of said city and county, against all persons or corporations failing to fulfill their agreements or contracts, either in whole or in part. It shall be the duty of every officer and person in the employ or service of said city and county, when it shall come to his knowledge that any contract or agreement with the city and county, or with any Officer or Department thereof, or relating to the business of any office whatever, has been or is about to be violated by the other contracting party, forthwith to report all facts and information within his possession to the Mayor concerning such matter, and a willful failure so to do shall be cause for the removal of such officer or employee. The Mayor shall give a certificate, on demand, to any officer or employee giving such facts and information that he has done so, which certificate shall be evidence in exoneration from a charge of neglect of such duty. The City Attorney shall prosecute all actions ordered by the Mayor in accordance with the provisions of this section.

SEC. 4. The Mayor, by and with the advice and consent of the Board of Aldermen, shall appoint all officers of the city and county, whose election or appointment is not otherwise specially provided for in this Charter or by law. When a nomination is made to the Board of Alderman it shall take action thereon within thirty days; and in case the officer nominated is not confirmed, the Mayor shall within ten days thereafter, nominate another, and may continue doing so until the place is filled. Neither the Supervisors, nor any member of either Board thereof, shall ever suggest, appoint or nominate any officer, clerk, or employee, to any place in the city and county government, except the officers and clerks of their respective Boards, and except to fill a vacancy in the office of Mayor.

SEC. 5. Any officer or employee of said city and county, not including the Supervisors, may be suspended from office by the Mayor for alleged malfeasance in office or willful failure to discharge his official duty. In the order of suspension the Mayor shall specify in writing the facts constituting the alleged offense for which the officer or employee is suspended, and he shall immediately call a special session of the Board of Aldermen for the purpose of hearing and determining the charges. The Mayor shall at said session present to said Board the charges against said suspended officer or employee in writing, and shall also furnish a copy of such charges to said officer or employee, and the said officer or employee shall have the right to appear with counsel before said Board in defense. If, upon the hearing, it

shall appear that such person has been guilty of malfeasance in office or has willfully failed to discharge his duty, then such suspended officer may be removed from office, by resolution adopted by a vote of a majority of all the members elected and appointed to said Board, but if it shall not so appear, he shall be immediately reinstated. In case of suspension the Mayor may fill the vacancy.

SEC. 6. Whenever a vacancy occurs in either the Board of Alderman or Assistant Alderman, the Mayor shall fill the same by appointment, for the unexpired term. Whenever a vacancy occurs in any other of the elective offices of said city and county, and provision is not otherwise made in this Charter or by law, for filling the same, the Mayor, by and with the advice and consent of the Board of Aldermen, shall appoint a suitable person to fill said vacancy, who shall hold office for the unexpired term.

SEC. 7. Whenever any person shall furnish to the Mayor, a statement, in writing, under oath, to the effect that he has cause to believe, and does believe, that any deputy, clerk, or employee under any officer, or in any Department of the city and county, is incompetent or inefficient, or that there are more deputies, clerks, or employees under any officer, or in any Department, than are necessary, it shall be the duty of the Mayor at once to investigate the matter, and if he believes the charge to be true, he shall report the same to the Board of Aldermen, who shall investigate the same, after notice to such deputy, clerk or employee, and his principal, or the head of the Department, and if the Board, by a vote of a majority of all the members of said Board, find the same to be true, it shall remove, or cause to be removed, such incompetent or inefficient or unnecessary deputy, clerk or employee.

SEC. 8. The Mayor may call special sessions of the Board of Aldermen and Assistant Aldermen, or either of them, and shall specially communicate to them, in writing, when assembled, the objects for which they have been convened, and their action at such sessions shall be confined to such objects.

SEC. 9. Whenever, and so long as the Mayor, from any cause, is temporarily unable to perform his official duties, the presiding officer of the Board of Aldermen shall act as Mayor *pro tempore*, and shall perform such duties. Whenever a vacancy occurs in the office of Mayor, it shall be filled for the unexpired term by election, by the Supervisors assembled in Joint Convention for that purpose; and any citizen possessing the qualifications above set forth, may be chosen Mayor at such election. A Su-

pervisor during the term for which he shall have been elected or appointed shall be ineligible to fill such vacancy.

SEC. 10. The Mayor shall not, during the term for which he shall have been elected, hold any other office, or be a member of any Board or Commission connected with the Federal, State, or city and county government, except *ex-officio* a member of the Board of Public Works and the Board of Health, as hereinafter provided; nor shall he ever receive, for any cause or reason, any other or greater compensation than the salary allowed him by this Charter, as Mayor; *provided*, that nothing herein contained shall be so construed as to prevent the Mayor from performing such official duties as Harbor Commissioner as may be required of him by law.

CHAPTER II.

OF THE AUDITOR.

SECTION 1. There shall be elected at the time and in the manner provided for electing a Mayor, an Auditor, who shall possess the qualifications required for the office of Mayor, and he shall be the head of the Finance Department of said city and county, and is required to be constantly acquainted with the exact condition of the Treasury, and every demand upon it. He shall keep a public office, and give his personal attendance there daily during the office hours fixed in this Charter, and shall not hold any other office, or engage in any other occupation or calling, while he holds the office of Auditor. He shall be the general accountant of said city and county, and it shall be his duty to receive and preserve in his office, all accounts, books, vouchers, documents and papers relating to the accounts and contracts of said city and county, its debts, revenues, and other financial affairs. He shall give information as to the exact condition of the Treasury, and every fund thereof, whenever requested by the Supervisors or either Board thereof, or any Committee or member demanding the same.

SEC. 2. He shall adopt a proper mode and manner of double entry bookkeeping, and keep all the accounts of said city and county, general and special, in a systematic, chronological and orderly manner. He shall keep an account of all money paid into and out of the Treasury, and it shall never be in the power of the Supervisors, or of any Court, Judge, Tribunal, Department, Board,

Commission, officer, or employee of said city and county, to authorize or direct the payment of any money out of the Treasury, upon any pretext whatever, except upon demands duly audited and allowed by the Auditor; and any ordinance or law providing for the payment of money out of the Treasury of said city and county, or any Fund thereof, whether such money be public funds, or private funds deposited therein, shall always be construed as requiring the auditing thereof by the Auditor before the same can be paid by the Treasurer.

SEC. 3. He shall number and keep an official record of all demands on the Treasury allowed by him, showing the number, date, amount, name of the original holder, on what account allowed, out of what Fund payable, and if previously audited, approved or allowed, by what officer, officers or Board it has been so audited, approved or allowed; and it shall be a misdemeanor in office for the Auditor to deliver any demand without his official approval until this requirement shall have been complied with.

SEC. 4. He shall have power to administer oaths and affirmations in matters pertaining to his Department, and shall require settlements of accounts to be verified by affidavit.

SEC. 5. He may appoint a deputy, and not to exceed three clerks.

SEC. 6. The Auditor shall keep in his office a list of all persons receiving salaries or wages from the city and county, with the amount of monthly salary or wages received by each opposite his name, which list shall be, by said Auditor, revised and corrected monthly, and shall at all times be open to public inspection and examination.

SEC. 7. The term "Audited," as used in this Charter, means that the demand or claim has been presented to and passed upon by every officer, Board of officers, Department and Committee having control thereof, and finally allowed, as required by law and this Charter, and this must appear upon the face of the demand, or else it is not "audited."

SEC. 8. No demand upon the Treasury shall be allowed by the Auditor in favor of any person, officer, company or corporation, in any manner indebted to the city and county, either as a debt, tax, license tax, or obligation, legal or equitable, without first deducting the amount of such indebtedness; or in favor of any person or officer having the collection, custody or disbursement of public funds, unless his account has been duly presented,

passed, approved and allowed, as required in this Charter; or in favor of any officer or employee in the service of the city and county who shall have neglected to make his official returns and reports, in writing, in the manner and at the time required by law and by this Charter, or by ordinance, or by the regulations established by the Supervisors; or in favor of any such officer or employee who shall have neglected or refused to comply with any of the provisions of this Charter, and any law regulating the duties of such person; or in favor of any officer or employee in the service of the city and county for the time he shall have absented himself, without cause, from the duties of his office, during the office hours prescribed in this Charter; and the Auditor may examine on oath any officer or employee touching such absence.

SEC. 9. Every demand upon the Treasury, except the salary of the Auditor, must, before it can be paid be presented to the Auditor who shall satisfy himself whether the money is legally due and remains unpaid, and whether the payment thereof from the Treasury is authorized by law, and out of what fund. If he allow it, he shall indorse upon it the word "allowed," with the name of the fund out of which it is payable, with the date of such allowance, and sign his name thereto; but the allowance or approval of the Auditor, of the Supervisors, or either branch thereof, or any Department, Board, Committee, or officer, of any demand which, upon the face of it, does not appear to have been expressly made by law, payable out of the Treasury or fund to be charged therewith, shall afford no warrant to the Treasurer, or other disbursing officer, for paying the same. No demand can be approved, allowed, audited or paid, unless it specify each several item, date and value composing it, and refer to the provision of this Charter by chapter and section authorizing the same.

SEC. 10. The demand of the Auditor for his monthly salary shall be audited and allowed by the Mayor. All other monthly demands on account of salaries authorized by this Charter and duly established by the Supervisors, by ordinance, and made payable out of the Treasury of such city and county, so long as such ordinance is in force, may be allowed by the Auditor without any previous approval. All demands payable out of the School Fund must, before they can be allowed by the Auditor or paid, be previously approved by the Board of Education. Demands for the monthly salaries and pay of Fire and Police Department, must, before they can be allowed by the Auditor, or paid, be first approved by the Commissioners of Fire and Police respectively. All other lawful demands payable out of the Treasury or any public funds of such city and county,

and not hereinbefore in this section specified, must, before they can be allowed by the Auditor in any manner, or recognized, or paid, be first approved by the Department, Board or by the Commission, in which the same has originated, and in all cases must be approved by the Board of Aldermen; or, if the demand be under two hundred dollars, by the Mayor and two members of said Board, appointed by the Board for that purpose, with power to act under and subject to its instructions and regulations during recess of the said Board.

SEC. 11. The Mayor, Mayor's Clerk, Auditor, Auditor's Clerks, Chief of Police, Police and Election Commissioners, President of the Board of Education, all the members of the Board of Public Works and the Secretary of said Board, each member of the Board of Aldermen, and every other officer required by law or ordinance to allow, audit or certify demands upon the Treasury, or to perform any other official act or function, shall have power to administer oaths and affirmations and take and hear testimony concerning any matter or thing relating to their official duties. Every officer who shall approve, allow or pay any demand on the Treasury not authorized by this Charter, and by a valid ordinance of the Supervisors passed in accordance with the same, shall be liable to the city and county individually and on his official bond for the amount of the demand so illegally approved, allowed or paid. Every citizen shall have the right to inspect the books of the Auditor, Treasurer, Board of Public Works, and either branch of the Supervisors, and every other Department or officer of such city and county, at any time during business hours. Copies or extracts from said books, duly certified, shall be given by the officer having the same in custody to any citizen demanding the same and paying or tendering sixteen cents per folio of one hundred words for such copies or extracts.

CHAPTER III.

OF THE TREASURER.

SECTION 1. There shall be elected at the time and in the manner provided for electing a Mayor, a Treasurer, who shall possess the qualifications required for the office of Mayor. The Treasurer shall receive and safely keep in a secure fire-proof vault or vaults to be prepared for that purpose, all moneys belonging to, or which shall be paid into the Treasury, either as the money of said city and county or of any person, or upon any trust, or for any purpose.

whatever, and shall not loan, exchange, use or deposit the same, or any part thereof, to or with any bank, banker or person; or pay out any part of said moneys except upon demands authorized by law and this Charter, and after they shall have been audited by the Auditor. He shall keep the keys of said vault and vaults, and not suffer the same to be opened except in his presence. At the closing up of the vaults each day he shall take an account and enter into the proper book the exact amount of money on hand, and at the end of every month he shall make and publish a statement of all receipts into and payments from the Treasury, and on what account and Fund. If he violate any of the provisions of this section he shall be guilty of a misdemeanor in office and liable to removal, and proceeded against accordingly. If he loan, exchange or deposit said moneys, or any part thereof, contrary to the provisions of this section, or apply the same to his own use, or to the use of any other person in any manner whatsoever, or suffer the same to go out of his personal custody, except in payment of duly audited demands upon the Treasury, he shall be guilty of a felony, and punished accordingly. He shall keep the money belonging to all Funds established or which may exist under this Charter at any time separate and distinct, and shall, in no case, pay demands chargeable against one Fund out of moneys belonging to another. The said Treasurer shall give his personal attendance at his public office during the hours of nine o'clock in the morning and four o'clock in the afternoon. He may appoint one deputy and two clerks.

SEC. 2. Whenever any audited demand has been presented to the Treasurer, and not paid, and it be made known to the Mayor, he shall proceed immediately to investigate the cause of such non-payment, and if it be ascertained that the demand has been illegally or fraudulently approved or allowed, he shall cause the officer guilty of such illegal or fraudulent approval or allowance to be suspended and proceeded against for misconduct in office. If he ascertains that the demand has been duly audited, and that the Treasurer has funds applicable to the payment thereof, which, without reasonable grounds for doubt as to the legality of such payment, he refuses to apply thereto, he shall proceed against him as a defaulter. If it be ascertained that the demand was not paid for want of funds, then he shall cause the Tax Collector, or other officer, or person, or persons, who ought to have collected, or to have paid the money into the Treasury, if they have been grossly negligent therein, to be proceeded against according to law and without delay.

SEC. 3. The salaries and compensation of all city and county officers, including policemen and employees of all classes, and all teachers in common schools, and others employed at fixed wages, shall be payable monthly. Any demand whatsoever on the Treasury accruing under this Charter shall not be paid, but shall be forever barred by limitation of time unless the same be presented for payment, properly audited, within one month after such demand became due and payable; or if it be a demand which has to be passed and approved by the Supervisors or Board of Education, then within one month after the first regular meeting of the proper Board held next after the demand accrued; or unless the Supervisors shall, within six months after the demand accrued as aforesaid, on a careful examination of the facts, resolve that the same is in all respects just and legal, and that the presentation of it, as above required, was not in the power either of the original party interested, or his agent, or the present holder, when by ordinance they may revive such claims, in which case it shall be barred in the same manner, unless presented for payment within twenty days thereafter; but no action of the Supervisors upon any claim shall make the same payable out of any moneys not arising from the income and revenue of the fiscal year in which the said claim was incurred; nor shall any otherwise valid demand incurred subsequent to the original incurrence of such revived claim be rendered invalid by reason of such revival by exhausting the fund out of which subsequent claims might otherwise be paid; but such revived claims shall take date and place, as of its revival, and not prior to the ordinance of revival.

SEC. 4. The Treasurer, for all money received into the Treasury, and all other officers of such city and county receiving money from the Treasury for disbursement, shall give receipts for all moneys by them received, which receipt shall be presented to and countersigned by the Auditor. The Auditor, before countersigning any such receipt, shall number it, and make an entry in a book of record to be kept in his office for that purpose, of the number, date and amount, by whom, and in whose favor given, and on what account. No such receipt shall be valid as evidence in favor of the person or officer receiving it till presented to the Auditor and countersigned as aforesaid; and any person or officer using, or offering to use, such receipt as evidence in favor of such person or officer of the payment specified in it without being first countersigned, as above required, shall forfeit to said city and county double the amount of money specified in such receipt.

CHAPTER IV.

OF THE TAX COLLECTOR.

SECTION 1. There shall be elected at the time and in the manner provided for electing a Mayor, a Tax Collector, who shall possess the qualifications required for the office of Mayor. The Tax Collector, upon the final settlement to be made by him as such Tax Collector according to law, or this Charter, or any ordinance of the city and county, shall be charged with and shall pay into the Treasury the full amount of all taxes, assessments and all moneys received by him, or otherwise collected and not previously paid over, without any deduction of commissions, fees, or otherwise, including all moneys paid under protest, and for taxes paid more than once, and for street assessments; he shall also be charged with and be debtor to the city and county for the full amount of all taxes due upon the delinquent tax list delivered to him for collection, unless it be made to appear to the satisfaction of the Supervisors evidenced by ordinance that it was out of his power to collect the same by levy and sale of property liable to be seized and sold therefor.

SEC. 2. In default of the payment of taxes or assessments before the time when the Tax Collector may be authorized by law to seize and sell the property therefor, the Tax Collector shall proceed to collect the same, together with the legal fees and per centages, by seizure and sale of the property liable, in the mode prescribed by law for the collection of State and county taxes.

SEC. 3. The Tax Collector shall pay over to the Treasurer into the Treasury, within twenty-four hours after the receipt thereof, any and all sums of money received by him and shall never retain in his custody after such time under any pretense whatsoever any sum or sums of money whatever that have been received by him, or which shall have been paid into his office for or on any account whatsoever by any person, and for any violation of any of the provisions of this Section the Tax Collector may be removed from office, and he and his bondsmen shall be individually and personally liable to said city and county as well as to any person or persons damaged thereby to the full amount of such injury or damage.

SECTION 1. There shall be appointed by the Mayor one Collector of Licenses for said city and county, who shall hold office for two years. He shall collect all licenses required by law or ordinance to be collected within the limits of said city and county, or which shall hereafter be required to be collected by him by law or by ordinance of the city and county.

SEC. 2. It shall be the duty of the said Collector and his deputies to attend to the collection of licenses, and examine all the places of business and persons liable to pay licenses, and to see that licenses are taken out and paid for. They shall each have and exercise, in the performance of their official duties, the same powers as Police officers in serving process or summons, and in making arrests ; and shall also have and exercise the power to administer such oaths and affirmations as may be necessary in the discharge and exercise of their official duties ; and in the discharge of said duties, to demand the exhibition of license for the current time from any person, firm, or corporation, engaged or employed in the transaction of any business for which a license is required by law ; and if such person, firm, or corporation, or either of them shall refuse, or neglect to exhibit such license the same may be revoked forthwith by said License Collector.

The Collector shall daily pay to said Treasurer all moneys so collected for licenses sold or by him received as fees ; and shall at least once in every month, and oftener when required so to do by the Auditor, make to the Auditor a report under oath, of all such licenses sold and on hand, and of all amounts paid to said Treasurer, in the manner and upon the conditions which

SEC. 7. The Justices Court herein provided for is the same Justices Court and the Justices thereof are the same Justices which are or were intended to be provided in and for said city and county by the Act of the Legislature which is referred to in the second section of this chapter. There shall be, as far as practicable, an equal distribution of cases between the said Departments, which cases shall be alternately set down for trial to each Department in the order in which the warrants are issued or proceedings brought before the Court. Said Judges shall, as soon as may be after the commencement of said terms of their office, classify themselves by lot for assignment to said Departments, and shall be thereby assigned accordingly.

In either case said Court or Judges may sentence such person to be confined in the correctional department of said Industrial School for any term not exceeding six months. SEC. 7. Any officer, member or employee of said force, asking for, soliciting, demanding, collecting or receiving, or causing or permitting others to do so for his benefit, any money or other thing, for guarding or protecting, or on pretence of so doing, the person or property of any person, shall be guilty of a misdemeanor and be dismissed from the service, except that special police officers shall be subject as to compensation and reward, to the provisions of Subdivision Fifth, of Section 2 of Chapter II, hereof.

CHAPTER VI.

OF THE REMOVAL OF POLICE OFFICERS.

SECTION 1. Any officer, employee or member of the police force, other than the Chief of Police, guilty of any legal offense; neglect of duty, violation of rules, or neglect or disobedience of orders, or incapacity, or absence without leave, or conduct injurious to the public peace or welfare, or immoral conduct, or conduct unbecoming an officer, or any breach of discipline, shall be liable to be punished by reprimand, withholding pay for a specified time, or dismissal from the force; but no more than fifteen days' pay shall be forfeited or withheld for any one offense.

Upon any trial, as provided for in this section, it shall be the duty of the Board to furnish the accused with all reasonable facilities for the conduct of his defense, and to secure to him, free of charge, the attendance of all witnesses reasonably necessary for his defense.

The Chief of Police, for official misconduct, may be punished or removed from office, as otherwise provided in this Charter, or by law.

CHAPTER VII.

OF LOST OR STOLEN PROPERTY.

SECTION 1. All property or money alleged or supposed to have been feloniously obtained, or which has been lost or abandoned, and which shall hereafter be taken into the custody of any member of the police force or any Criminal Court in the city and county of San Francisco, or which shall come into the custody of any Police Judge, shall be by such member, Judge, or Court, given into the custody of, and kept by the Property Clerk. All such property and money shall be

particularly registered by such Clerk, in a book kept for that purpose, which shall contain also the record of the names of the persons from whom such property or money was taken, the names of all claimants thereto, the time of the seizure, and any final disposition of such property and money.

SEC. 2. Whenever property or money shall be taken from persons arrested, and shall be alleged to have been feloniously obtained or to be the proceeds of crime, and whenever so brought with such claimant and the person arrested before some judge or court for adjudication, and the judge or court shall be then or there satisfied from evidence that the person arrested is innocent of the offense alleged, and that the property rightfully belongs to him, said Court or Judge may thereupon, in writing, order such property or money to be returned, and the Property Clerk, if he have it, to deliver such property or money to the accused personally, and not to any attorney, agent, or clerk of such accused person.

SEC. 3. If any claim to the ownership of such property or money shall be made on oath before such judge or court, by or on behalf of any person other than the person arrested, and the said accused person shall be held for trial or examination, such property or money shall remain in the custody of the Property Clerk until the discharge or conviction of the person accused.

SEC. 4. All property or money taken on suspicion of having been feloniously obtained, or being the proceeds of crime, and for which there is no other claimant than the person from whom such property was taken, and all lost property coming into the possession of any member of said police force, and all property and money taken from pawn-brokers as the proceeds of crime, or by any such member taken from persons supposed to be insane, intoxicated, or otherwise incapable of taking care of themselves, shall be transmitted as soon as practicable to the Property Clerk.

SEC. 5. All property and money that shall remain in the custody of the Property Clerk for the period of one year, without any lawful claimant thereto, after having been three times advertised in the official newspaper of said city and county, shall be sold at public auction, and the proceeds of such sale shall be paid into the Treasury of said city and county to the credit of the General Fund; *provided*, however, that whenever it may be necessary to use such property as evidence upon any criminal prosecution, the same shall not be sold or disposed of, as herein authorized, until the occasion for the use thereof, as evidence, shall have ceased, and thereupon it shall be disposed of as hereinbefore provided; *provided, further*, however, that the Board of Police Commissioners, except where herein otherwise expressly pro-

vided, may order, in writing, said Property Clerk to restore any of said property to the lawful owner thereof; and *provided, further*, that whenever it shall appear to the Board to be for the best interest of the public, it may direct the destruction of such of said property as shall consist of lottery tickets, obscene literature, or of implements and property used in the commission of crime; and *provided, further*, that the proceeds of property taken as aforesaid from persons supposed to be insane, shall not permanently become part of said Fund until after the expiration of two years from the time when the same shall come into the Treasury; it shall be the duty of the Chief of Police and of said Board, immediately after the seizure or finding of any property of any such supposed insane person, to diligently endeavor to find out the guardian or other person lawfully entitled to the possession of such property, or the proceeds thereof, and to deliver the same to him; but if such person cannot be found and the proceeds of said property shall remain unclaimed for said period of two years, then the same shall permanently become part of said Fund.

SEC. 6. If any property or money placed in the custody of the Property Clerk shall be desired as evidence in any Police Court or other Court, such property shall be delivered to any officer who shall present an order to that effect from such Court. Such property or money, however, shall not be retained in such Court, but shall be returned to said Property Clerk, to be disposed of according to the provisions of this Article.

CHAPTER VIII.

OF THE POLICE LIFE AND HEALTH INSURANCE FUND.

SECTION 1. The Police Life and Health Insurance Fund shall consist of the moneys retained from the monthly salaries of the members of the police force, fines collected from members of said force, and such other moneys as may be contributed thereto by gift, devise, or bequest. Said Fund, together with all moneys in the Treasury of said city and county to the credit of said Fund at the time when this Charter goes into effect, shall be under the control and management of the Board of Police Commissioners.

SEC. 2. The Board shall from time to time, as in its judgment it may deem best, invest the moneys of the Police Life and Health Insurance Fund in such of the following securities as shall seem most safe and profitable: the bonds of the City and County of San Francisco; the bonds of the State of California; the bonds of the United States of America. The

securities shall be delivered to and held by the Treasurer of said city and county, who shall be responsible therefor on his official bond, and he shall have no power to deposit, pledge, or in any other way part with said securities, or the evidence thereof, except on the order of said Board. Upon making any such investment the Board shall immediately report the same, with all particulars thereof to the Auditor.

SEC. 3. Upon the death of any member of said force, there shall be paid by the Treasurer, upon the order of said Board, after being audited by the Auditor, out of said Police Life and Health Insurance Fund, to the heirs of said deceased, the sum of one thousand dollars, for their sole and separate use and benefit forever; *provided, however*, that any Court of competent jurisdiction shall have the power to determine who are the legal heirs, should the question be contested.

SEC. 4. In case any member of the police force shall resign, by reason of bad health or bodily infirmity, occasioned in the line of duty, and his resignation for that reason shall be accepted by the Board of Police Commissioners, there shall be paid to him in like manner, from said fund, the amount of the principal sum which he shall have contributed thereto.

SEC. 5. In case of dismissal of any member of the police force for mere incompetency, not coupled with any offense against the laws of the State, or of this Charter, or any ordinance of the Board of Supervisors, such officer shall be paid in like manner from said fund such amount as the Police Commissioners may award, not exceeding one-half of the sum he may have contributed to said fund.

SEC. 6. Any officer dismissed for neglect, or violation of duty, or upon conviction of any misdemeanor or felony, shall forfeit all claim upon said fund.

SEC. 7. In case such fund shall not be sufficient to pay the demands on it, such demands shall be audited and registered, and paid in their order out of the funds, as received; *provided, however*, that the city and county shall never be liable for any deficiency in said fund.

SEC. 8. The Property Clerk of said city and county shall before entering on the duties of his office, give bond, with good and sufficient sureties, in the sum of ten thousand dollars, to the city and county to be approved, as in cases of other official bonds, and be filed with the Auditor, and at all times keep the said bond good. All persons aggrieved by any official misconduct, or neglect, of said Property Clerk, shall have the right to maintain an action upon said bond, in their own name, for the recovery of such damages as they may have sustained, not exceeding the amount of said bond.

It shall be the duty of said Marshal to aid in the enforcement of the fire ordinances of said city and county, and for this purpose, he shall visit and examine all buildings in process of erection or undergoing repairs.

SEC. 3. He shall have power to appoint such policemen as may be detailed therefor by the Chief of Police, or who may be present at any fire, to save and protect property at such fire until the same shall be delivered to the owner thereof.

SEC. 4. The Fire Marshal shall, on the first Monday of every month, file with the Clerk of the Supervisors, a sworn statement and description of all property in his possession or under his control, and showing from where said property was obtained by him.

SEC. 5. Any person who shall wilfully hinder or obstruct said Fire Marshal, or any of his appointees, in the lawful discharge of his or their duties, shall be guilty of a misdemeanor; *provided*, however, that nothing herein contained shall be so construed as to authorize said Fire Marshal to interfere in any manner with the proper discharge of the lawful duties and authority of the Fire or Police Department.

SEC. 6. It shall be the duty of the Chief of Police to detail such police officers as shall be necessary to enable said

Fire Marshal to effectually perform his duties, and they shall aid him in the performance of his duties.

The Supervisors shall never accept any sidewalk, or incur any liability against the city and county for the construction and repair of any sidewalk, except in front of or with respect to public property.

SEC. 2. Whenever an application shall be made to the Board of Public Works for any work or improvement, the cost and expense of which or any part thereof, is to be assessed upon private property, the said Board shall proceed to investigate the same, and if it shall determine that such improvement is expedient, it shall so report to the Supervisors, accompanied with specifications thereof and an estimate of the cost and expense thereof, and the Supervisors shall not order any such improvement until the same has been recommended by the Board. If an application is made for any work or improvement of which the cost and expense is to be paid by the city and county, and the said Board shall not approve of such application, it shall report to the Supervisors its reasons for such disapproval, and the Supervisors may then, after having obtained from said Board an estimate of the cost and expense of said work or improvement, by an ordinance passed by a vote of three-fourths of each Board, order the doing of said work, or the making of said public improvement. The Board may also, except as hereinafter prohibited, recommend any improvement, the cost and expense of which is to be paid by the

city and county, though no application may have been made therefor, and make, with said recommendation, an estimate of the expense, to the Supervisors, and in such case the Supervisors may order the same to be done. The Supervisors shall not order any improvement upon a street, the cost or expense of which, or any part thereof, is to be assessed upon private property until after an application therefor has been made to the Board of Public Works.

SEC. 3. Before recommending to the Supervisors the ordering of any work or improvement, the cost and expense of which, or any part thereof, is to be assessed upon private property, the said Board shall pass a resolution of its intention to recommend the same, specifying the work to be recommended and giving an estimate of its cost and expense, and describing the district or territory within whose boundaries the property is to be assessed, and affected or benefitted, and shall fix a day when it will take final action upon such resolution; *provided*, that the said Board shall not pass any resolution of intention to recommend any improvement which shall extend over more than one block in length or one crossing, and no assessment for any improvement shall be made upon property outside of the block to which the work of the said improvement is adjacent, except that in case of crossings the assessment may be upon property within the four blocks adjacent to the crossing upon which the work was done; *and provided*, further, that said Board shall not have power to recommend that any street, or portion of a street, be graded in the first instance, unless a petition shall have been presented to said Board verified by the owners of a majority of the frontage of the land fronting on said street, or their agents, stating that they are such owners and in possession thereof, and asking that said street, or portion thereof, be graded, *except*, that when a street has been graded to the official grade for one or more blocks in length upon each side of a block, the Board may recommend that such street be graded without any petition therefor *and except also*, that when a street or portion thereof has been graded to the official grade to a point not more than two blocks in distance from the water front of said city and county, the Board may recommend that such intervening distance be graded, without any petition therefor.

SEC. 4. Upon the passage of such resolution, and within ten days thereafter, the Secretary of said Board shall without any further authority, cause a copy of said resolution to be published for a period of ten days (Sundays and non-judicial days excepted). At any time within said period of ten days the owner or any person

interested in any lot within said district may file with the Secretary of said Board his objection to the recommendation or ordering of said work or improvement, stating briefly the grounds of his objections, and if at any time within said period of ten days the owners of a majority of the frontage of the lands fronting on the street where said improvement is proposed shall file written objections to said improvement, the Board shall not recommend the ordering of said work or improvement, and shall not within six months thereafter pass any resolution of its intention to recommend the same, unless prior thereto, it shall receive a petition therefor signed by the owners of a majority of the frontage of the lands fronting upon said street. Upon the day fixed in its resolution of intention for final action thereon, or at its next regular meeting, the Board shall consider and pass upon the said objections. If the Board shall consider that the objections are sufficient it shall adopt a resolution to that effect, and shall not recommend the ordering of said work or improvement. If it shall consider that the said objections are not sufficient, or if no objections are filed, the Board may recommend the ordering of said work or improvement, and shall with its recommendation, transmit to the Supervisors all objections to such recommendation that may have been filed.

SEC. 5. At the next regular meeting after receiving from the Board of Public Works its recommendation of such work, or at such time within thirty days thereafter to which the hearing thereof by either Board may be postponed, the Supervisors shall take action upon such recommendation, and if any objections to the ordering of said work have been transmitted with said recommendation, they shall consider and dispose of said objections before passing upon said recommendation. If either Board shall consider the objections, or any of them sufficient, it shall so declare by resolution, and the Supervisors shall not order the said work or improvement. If the Supervisors shall consider that the objections are insufficient they shall so declare by resolution, and thereafter, or if no objections have been filed with the Board of Public Works, they may within thirty days pass an ordinance directing that the said work or improvement be done; and they shall specify in the said ordinance what amount of the cost and expense thereof shall be assessed upon the property to be affected thereby, and also the district upon which the said amount shall be assessed.

SEC. 6. Upon the passage of said ordinance the Clerk of the Supervisors shall transmit a certified copy thereof to the Board of Public Works, and the said Board shall thereafter proceed to make an assessment of the amount specified

in said ordinance upon the lots and lands within the said district or territory—each lot being described sufficiently for identification and being separately assessed for its proportion of said amount, in proportion to the benefit received by it from the said work or improvement—and shall make and attach to said assessment a map or diagram of the district or territory, showing the several lots assessed and their relative location. Each of the said lots shall be numbered upon the map, and a corresponding number shall be given to the description of the lots, and the amount of each assessment placed opposite thereto. After making said assessment the said Board shall cause a notice thereof to be published for five days, and to be delivered to an occupant of each of the lots assessed; (if any of said lots are unoccupied, said notice shall be posted in a conspicuous place upon said lot or lots,) which notice shall state the day and hour when the said Board will, at its office, take final action upon said assessment; and in all cases a copy of the said notice shall be sent by mail addressed to the person in whose name the lot to be assessed stands upon the books of the Assessor, at the Post Office at San Francisco; but if such lot stand in the name of “unknown owners” no such notice need be sent.

SEC. 7. At any time prior to the time fixed in the said notice, any person interested may present in writing and file with the said Board his objections to the said assessment, stating briefly wherein he deems the same erroneous. At the time specified in said notice, or at some day to which the hearing shall then be adjourned, the Board shall consider the said objections, and if it shall deem them well taken, it shall again assess the said amount upon the said lots and lands as it shall deem to be in proportion to the benefits received from said work or improvement, and shall again cause a notice of its assessment to be published and delivered, or posted, as is required in making an assessment in the first instance, and the same proceedings may be taken until the said Board shall finally determine that the said assessment is just and correct. Upon such determination the said assessment shall be signed by the President and Secretary of said Board, and shall be final and conclusive as to all persons who have made no objections thereto.

SEC. 8. If any objections to the said assessment have been filed with said Board, the Secretary shall within five days after the same has been finally approved by the Board, transmit the said assessment and map with said objections to the Board of Aldermen, and the Board of Aldermen shall at its next regular meeting, not less than ten days from the receipt thereof, consider and determine the sufficiency of the

said objections. If it shall determine that the said objections are well taken, it shall direct the Board of Public Works to modify or change the said assessment in the particulars wherein it is erroneous, and thereupon the same proceedings shall be had in making the assessment as in the first instance. If the Board of Aldermen shall determine that the objections to the assessment are not well taken, the Clerk of said Board shall certify such determination upon the said assessment, and return the said assessment so certified to the Board of Public Works, and thereupon the said assessment shall become final and conclusive. Whenever the said assessment shall become final and conclusive, it, together with the map of the lots assessed, shall be recorded in a Book of Assessments, to be kept in the office of the Board of Public Works, for that purpose, and the record thereof shall thereupon be signed by the President and Secretary of said Board, and thereafter the assessment shall be a lien upon the respective lots assessed, until the same is canceled or discharged as herein provided.

SEC. 9. In making said assessment the Commissioners shall act as a Board, and the assessment shall be authenticated by the signatures of at least two of said Commissioners as "Commissioners of the Board of Public Works;" and every assessment so authenticated and recorded in the Book of Assessments shall be prima facie evidence of the correctness and regularity of all the proceedings of said Board and of the Supervisors prior to the date of such record.

SEC. 10. Upon the recording of the said assessment the President and Secretary of the Board of Public Works shall sign a warrant for its collection, and thereupon the said assessment and map, with the warrant attached thereto, shall be delivered to the Tax Collector for collection, and the said Tax Collector shall immediately give notice thereof by publication for thirty days. Said notice shall set forth in general terms the locality and character of the work or improvement for which the assessment is made, and shall notify all persons interested that a warrant for its collection has been given to said Tax Collector, and that unless payment is made within sixty days from the first publication of said notice, the property so assessed will be sold to satisfy the said assessment.

SEC. 11. Whenever any assessment upon any of the lots delineated on said map shall be paid, the Tax Collector shall write the word "Paid," together with the date of payment, opposite the number of said lot, upon said assessment, and shall give to the person paying the same a receipt there-

for, showing upon which lot the said payment was made, and upon presentation of the said receipt to the Secretary of the Board of Public Works, he shall cancel the assessment against the said lot upon the record thereof. After the expiration of sixty days from the first publication of said notice, the Tax Collector shall make a report in writing to the Board of Public Works, of all lots or parcels of land in the said assessment on which the amounts assessed have not been paid, accompanied by his oath that the same is correct, and that no portion of the assessment therein named has been paid, and that he has given the notice, required by the preceding section, that the warrant for the collection of said assessment had been received by him and requiring payment of said assessment. Thereupon the Board of Public Works shall, by a resolution, direct the said Tax Collector to sell the said lots for the amount of said delinquent assessments. The report of the Tax Collector, verified as aforesaid, shall be *prima facie* evidence of the correctness of all the proceedings taken by him prior thereto.

SEC. 12. Upon the passage of said resolution by the Board of Public Works, the assessment therein named shall be deemed to be delinquent, and thereupon the Tax Collector shall, after having published a notice for ten days, sell the lands upon which the said assessments are delinquent, and in making such sales shall be governed, so far as the same may be applicable, by the General Revenue Laws of the State, providing for the sale of lands for delinquent taxes. He shall add to the amount of each assessment its aliquot part of the cost of advertising said sale, and also the sum of one dollar for the certificate of sale to be issued by him. After making said sales the Tax Collector shall return the assessment and warrant with a report of his doings indorsed thereon, to the office of the Board of Public Works, and the Secretary of said Board shall note in the record of said Assessment, and opposite to the number of each lot sold, the fact of its sale by the Tax Collector, together with the date of sale and name of the purchaser.

SEC. 13. The General Revenue Laws of the State in force at the time of said sale in reference to the sale of property for delinquent taxes, the execution of certificates of sale and deeds therefor, the force and effect of such sales and deeds, and all other provisions of said laws, in relation to the enforcement and collection of taxes and redemption from tax sales, except as herein otherwise provided, shall be applicable to the proceedings for the sale of lands for such delinquent assessments.

SEC. 14. Each assessment delivered to the Tax Collector shall be numbered, and the moneys received by him upon such assessment, shall be paid to the Treasurer who shall place the same to the credit of a special fund designated in accordance with the number of said assessment as "Special Assessment Fund No. ——" and upon the payment of the entire amount of any such special assessment, the Tax Collector shall so report to the Board of Public Works.

SEC. 15. Upon the receipt by the Board of Public Works of a report from the Tax Collector that the whole amount of any special assessment for any street improvement has been collected and paid into the Treasury, the Board of Public Works shall cause the said improvement to be made, and a contract therefor shall be entered into in the manner herein provided.

SEC. 16. Before entering into any contract for said improvement the said Board shall cause a notice to be conspicuously posted in its office, and also to be published for ten days, inviting sealed proposals for doing the work of said improvement according to the specifications reported with its recommendation, and stating the time within which the said work is to be performed, and the amount of the bond to be given by the contractor for the faithful performance of the contract, and the day and hour when the Board will receive and open proposals therefor. All proposals shall be presented in said Board in open session, and shall be made upon printed forms to be prepared by the Board, and furnished gratuitously upon application, with a form for the affidavit hereinafter provided for, printed thereon. Each bid shall have the affidavit of the bidder thereon, duly verified by his oath, that such bid is genuine, and not collusive or sham; that he has not colluded, conspired, connived or agreed, directly or indirectly, with any other bidder or person to put in a bid, or that such other person shall refrain from bidding, or has in any manner sought by collusion to secure any advantage against the city and county, or any person interested in said improvement, for himself or any other person whomsoever. Making a false affidavit to a bid shall constitute the crime of perjury. Every bidder shall file with his bid a certificate of deposit or certified check on some solvent bank in the city and county, for such sum as the Board in its advertisement, or by general resolution, shall prescribe, payable to the order of the Secretary of said Board, which sum shall be forfeited to the city and county, and drawn by the Secretary and paid into the Treasury, if the bidder for any reason fail or refuse to comply with and make good his bid, in case the contract is awarded to

him, by entering into and perfecting the same. Any bid without such certificate or check shall not be considered. All bids shall be clearly and distinctly written, without any erasure or interlineations, and if any bid shall have an erasure or interlineation it shall not be received or considered by the Board. Any contract made in violation of any of the foregoing provisions shall be void.

SEC. 17. At the time named in the advertisement the Board shall assemble and remain in session for at least one hour, and all bids shall be delivered to the Board while it is in session, and within the hour named in the advertisement. No bids not so delivered to the Board shall be considered. Each bid as it shall be received shall be numbered and marked "Filed" by the President and authenticated by his signature. At the expiration of the hour stated in the advertisement within which the bids shall be received the Board shall open the bids in the presence of the bidders present, and an abstract of each bid shall be recorded in the minutes of the Board by the Secretary. Before adjourning the Board shall compare the bids with the record made by the Secretary. An abstract of said bids, showing the name of each bidder, the price at which work, labor or material is offered by each, and such other things as may be necessary to show or explain the offer, shall thereupon be made by the Secretary and certified to the Supervisors. Said bids shall remain in the office of the Secretary, and be open to the inspection of the public.

SEC. 18. At the next regular meeting of the Supervisors after the expiration of five days from receiving the said abstract of the bids, the said Supervisors shall consider the several bids and shall by resolution award the contract for doing the work of said improvement, for which proposals were invited, to the lowest bidder; *provided*, that the said Supervisors shall have the right to reject any and all bids when in their judgment the public interests will be thereby promoted, and may also reject the bid of any party who has been delinquent or unfaithful in any former contract with said city and county; and if all such bids be rejected the Secretary of the Board of Public Works shall thereupon, unless ordered not to do so by the Supervisors, again cause notice for bids to be advertised and posted as in the first instance.

SEC. 19. Upon the passage of said resolution of award the Clerk of the Supervisors shall certify to the Board of Public Works a copy of the said resolution, and the Secretary of said Board shall thereupon publish a notice of said award in the official newspaper for five days. If an assessment shall have been made for any portion of the work so

awarded, at any time within ten days after the first publication of said notice of award the owners of a majority of the lands upon which said assessment has been made, estimating said majority by the amount paid upon said assessment, may elect to do said work and enter into a contract therefor; but if they shall not so elect, or if having entered into said contract, they shall not commence said work within ten days after entering into said contract, the Board of Public Works shall enter into a contract therefor with the person to whom the said contract was awarded.

SEC. 20. All contracts shall be in writing, and shall be drawn under the supervision of the City Attorney, and shall contain detailed specifications of the work to be done, the manner in which the same shall be executed, the quality of the material, and the time in which the same shall be completed as was specified in the notice inviting proposals therefor. No change or modification in the plans or specifications shall be made after proposals for doing the work have been called for. Every contract entered into by the said Board shall be signed by the President and the Secretary of the Board, and by the other contracting party. All contracts shall be signed in triplicate, one copy of which, with the specifications of the work to be done, or the materials to be furnished, shall be filed with the Clerk of the Supervisors, and shall at all times in office hours be open to the inspection of the public; one copy thereof, with the said specifications, shall be kept in the office of the Board of Public Works, and the other copy, with the said specifications, shall be delivered to the contractor. At the same time with the execution of said contract, the said contractor shall execute to the city and county, and deliver to the Secretary of said Board, a bond in the sum named in the notice for proposals, with two or more sufficient sureties for the faithful performance of said contract to be approved by the Board of Public Works. The contract shall specify the time at which the work shall be commenced, and within which it shall be completed, and upon the recommendation of the Board of Public Works, such time may be extended by the Supervisors; but in no event shall the time for the performance of said contract be extended more than sixty days beyond the time originally fixed for its completion. In case of failure on the part of the contractor to complete his contract within the time fixed in the contract or within such extension of said time as is herein provided, his contract shall be void, and the Supervisors shall not pay or allow to him any compensation for any part of the work done by him under said contract.

SEC. 21. If at any time it shall be found that the person to whom a contract has been awarded has colluded in presenting any bid or bids, with any other party or parties, for the purpose of preventing any other bids being made, then the contract so awarded shall be void, and the said Board shall advertise for a new contract for the performance of said work. No person or firm shall be allowed to deposit or file or be interested in more than one bid for the same work. If more than one bid appear in which the same person is interested, on the opening of said bids, all such bids shall be rejected.

SEC. 22. If the person to whom the contract is awarded shall for ten days thereafter fail or neglect to enter into a contract therefor, and to commence work within ten days thereafter, the Secretary of the Board shall thereupon draw the money upon said check and pay it over to the Treasurer. If the said contractor or the property owners, after entering into the contract, fail to prosecute the same diligently or continuously, according to the judgment of the Board, or fail to complete it within the time prescribed in the contract, or within such extension of said time as may be granted, the Secretary shall, upon the direction of said Board, again advertise for bids for doing said work, as in the first instance, and the contract for doing or completing the said work shall be awarded as in the first instance, and no bid shall be received from any person who shall have failed to enter into any contract that may have been awarded to him, or to complete any contract entered into, and in case of failure on the part of property owners to complete any contract entered into by them, they shall not be allowed to enter into any other contract respecting said work.

SEC. 23. Whenever any contract has been completed to the satisfaction and acceptance of the Board of Public Works, the President of the Board shall deliver to the contractor a certificate to that effect, and shall also notify the Supervisors that said work and improvement and the contract therefor have been satisfactorily performed, and that a certificate to that effect has been given to the contractor. Thereupon the Supervisors shall, by resolution, direct the Auditor to audit and the Treasurer to pay to the contractor out of the appropriate fund, the amount to which the said contractor is entitled to under the terms of his contract.

SEC. 24. The Supervisors shall, by general ordinance, provide for making and hearing objections on the part of interested persons, to the sufficiency of the performance of any contract, or to the manner in which the work may have been performed, and for causing said work to be completed, and for delaying the payment for said work until after the

hearing and determination upon said objections. Any person owning property affected by any assessment may, at the time of filing such objections, bring an action against said contractor and his bondsmen, or any, or either of them, upon the ground that said work had not been done in accordance with the terms of said contract, and shall recover judgment against the defendant or defendants in said action for the amount of damages sustained by plaintiff if it shall be finally adjudged that the work was not done according to contract.

SEC. 25. If after the Treasurer has paid to the contractor the amount to which he is entitled under the terms of his contract, and has also paid all other costs and expenses of the said work or improvement, there shall remain to the credit of the Special Assessment Fund, out of which the said payments have been made, any surplus moneys, the Treasurer shall immediately report the amount of said remaining moneys to the Supervisors, and thereupon the Supervisors shall, by resolution, direct the Auditor to audit and the Treasurer to distribute and pay such remaining moneys, in the proportion of the original assessments, to the persons by or for whom said original assessments were paid, or their assigns or legal representatives.

If, after any payments have been made upon any assessment, the said assessment shall be declared void, or if no contract for said work and improvement shall be entered into within one year after the said assessment shall have been collected, the Supervisors shall, by resolution, direct the Auditor to audit and the Treasurer to repay the money so paid, to the persons by or for whom said payments were made, or to their assigns or legal representatives.

SEC. 26. No ordinance for the improvement of any street shall be passed by the Supervisors without extending the said improvement throughout the whole width of such street, not including the sidewalks, nor unless the width and grade of said street have been officially established; *provided*, that the grade of all intermediate or intersecting streets in one block shall be deemed to conform to the grades as established at the crossings of the main streets.

SEC. 27. No recourse shall be had against the city and county for damage to person or property suffered or sustained by, or by reason of the defective condition of any street or public highway of said city and county, whether originally existing, or occasioned by construction, excavation or embankment, or want of repair of said street or highway, and whether such damage be occasioned by accident on said street or highway or any sewer constructed therein.

SEC. 28. Wherever in this Chapter the word "street" occurs, it shall be held to include all streets, lanes, alleys, places and courts, which have been dedicated and are open to public use, whose grade and width have been officially established, and all streets, lanes, alleys, places and courts which shall hereafter be dedicated and opened to public use and accepted by said city and county.

The word "improvement" shall be held to include grading, paving, planking, macadamizing, piling, capping, and the construction of sewers, cess-pools, manholes, culverts, drains, sidewalks and curbs; *provided*, that no curbs shall be ordered except such as are constructed of stone, and that no planking or wooden sewers shall be constructed except upon the water front of the city and county.

The word "block" shall mean the blocks as known or designated as such, upon the map and books of the Assessor of the said city and county.

The word "paved" shall include any pavement of stone, iron, wood or other materials which the Supervisors may, by its ordinance, order to be used; *provided*, that no patented pavement shall be ordered during the existence of the patent therefor, until after the owner of such patent shall have transferred to the city and county, all right to the use of the same within said city and county, with the privilege to any person to manufacture and lay the same upon its streets, under any contract that may be awarded to him, or entered into by him, with said city and county.

The term "expense" shall include the price at which the contract was awarded, and all the expenses incurred in printing and advertising the work contracted for.

All notices and resolutions herein required to be published, shall be published daily, legal holidays excepted, in the official newspaper of said city and county.

All notices that are herein required to be served, whether by delivery, mailing or posting, may be so served by any male citizen of the age of twenty-one years and the affidavit thereof, shall be *prima facie* evidence of such service. The affidavit by the foreman or principal clerk of the official newspaper, of the publication of any notice herein required to be published, shall be *prima facie* evidence of such publication.

SEC. 29. In all cases where lands in said city and county shall be hereafter sub-divided and laid out into blocks or plats, sub-lots, streets and alleys, or whenever hereafter new streets or public grounds shall be laid out, opened, donated or granted to the public by any proprietor, the map or plat thereof shall be submitted to the Board of Public Works for its approval, and if the Board approve the same, such approval shall be by it indorsed upon the said map or plat,

and said map, with the said approval, shall then be filed in the office of the County Recorder, and after such filing all persons and courts shall take judicial notice of the same; and without such approval indorsed thereon no such map or plat shall be filed or recorded in the office of said Recorder, or have any validity; nor shall any street, alley or public ground become or be a public street or be subject to any public improvement or expense without such approval, indorsement and record.

The several Courts in said City and County shall take judicial notice of all streets, highways, squares, plazas, wharves parks, and blocks in said City and County.

SEC. 30. The Board of Public Works shall, under such rules and regulations as they may adopt, annually invite proposals for cleaning such of the streets of the city and county as the said Board shall determine should be cleaned at the public expense. Before causing any notice for such proposals to be published the Board shall divide the city into such a number of sections as in its judgment, will best induce competition for bids, and secure the cleaning of the streets at the lowest cost. The Secretary of the Board shall, under its directions, on the first Monday in May of each year, cause to be published for a period of ten days, a notice inviting proposals for cleaning each of the aforesaid sections, specifying in said notice the streets of each section which are to be cleaned, the number of times per week that they are to be cleaned, and the amount of security to be given with each contract. Bids shall be made for each section separately. All the provisions of this Chapter in relation to the opening of bids, awarding of contracts, and entering into and performance of contracts for improvement of streets shall be applicable to the proceedings for entering into contracts for cleaning streets. The Board may also, with the consent of the Supervisors, expressed by ordinance, purchase a steam-roller for use on the macadamized streets of the city and county.

The Board may also, with the consent of the Supervisors, expressed by ordinance, purchase one or more machines for sweeping the streets, and may enter into a contract or contracts for sweeping the streets with said machines; and the Supervisors may, upon the request of said Board, authorize prisoners who have been sentenced to labor upon the public works, to be employed in sweeping the streets of the city and county.

SEC. 31. The Board shall cause to be made all urgent repairs upon the public streets that may from time to time be requisite for the public safety, and for that purpose may employ such laborers as may be necessary,

and at such wages as may be from time to time fixed by the Supervisors; *provided* that whenever the cost and expense of the repairs upon any street or portion of a street shall exceed the sum of one hundred dollars, exclusive of materials to be furnished from the Corporation Store Yard, the same shall be done under contract awarded in the manner provided for awarding contracts for the improvement of streets.

SEC. 32. The Board shall also from time to time, after it shall have been directed so to do by the Supervisors by ordinance, invite proposals for supplying to the city and county such materials as may be required for the repairs of the public streets or of any improvement thereof, and such proceedings shall be had in awarding the contracts therefor as are herein provided for awarding other contracts.

SEC. 33. The Supervisors shall select some place in the City and County which shall be known as the Corporation Store Yard wherein shall be kept all supplies, material, implements and machines belonging to said city and county that are to be used in repairing or cleaning the streets or any improvements thereon. The Board of Public Works may appoint, and remove at pleasure, a Storekeeper for said Corporation Store Yard. He shall give a bond in the sum of five thousand dollars for the faithful performance of his duties, to be approved as provided in this Charter. He shall have the custody of the Corporation Store Yard and of all the supplies, material and implements kept therein, and shall keep full and proper books of account in which shall be kept a systematic account of all purchases, and of the receipt of supplies and material under any contracts awarded under the provisions of the preceding section and of the delivery thereof, which books shall at all times show the amount of said material and supplies on hand and in store, and when, to whom, and for what purpose each article was delivered. He shall be responsible for all the material and supplies placed in said Store Yard, and shall not deliver any article except upon the written order or requisition of the President and Secretary of the Board, and he shall take the written receipt, indorsed upon such order, of each person to whom any delivery is made, specifying the date of such delivery and the amount and kind of materials or supplies delivered. For any deficiency in his accounts or delivery of any article without such order or requisition and receipt, he shall be liable upon his official bond. All cobble stones, or stone blocks or other material with which any street or portion of a street may have been paved or planked, shall, if at any time removed from said street, be taken to said Corporation Store Yard, and there

kept and disposed of by the Storekeeper, under the direction of the Board of Public Works, in the same manner as other supplies; and if any person shall take or appropriate to his own use any of said material he shall be guilty of grand or petit larceny, as the case may be.

CHAPTER III.

OF THE OPENING OF NEW STREETS.

SECTION 1. Whenever an application shall be made to the Board of Public Works for the straightening, widening or extending of any street, or for the opening of a new street, signed by the owners of a majority of the frontage of the lands upon the line of said street, and such improvement requires the condemnation of private property, and the Board shall by resolution determine that the improvement would be of public benefit, it shall make an estimate of the cost and expense of such improvement, and determine by resolution the district which will be affected by, and should be assessed for the cost and expenses of such improvement; *provided*, that no proceedings for opening, widening, straightening or extending any street shall be had except upon the filing of such petition, and in accordance with the provisions herein contained, nor until after the persons signing said petition shall have deposited with the Secretary of the Board an amount of money which, as may be determined by said Board, will be sufficient to defray all the costs and expenses that may be incurred in case the Supervisors shall not pass an ordinance for said improvement.

SEC. 2. If within three months after the passage of the resolution determining such district, a majority of the owners of the land within said district who shall also be the owners of two-thirds of the superficial square feet of the property described within said district, and of three-fourths in value of said property—including improvements thereon—estimating said value according to the last preceding assessment roll of said city and county, shall present to said Board a petition for said improvement, verified by their oaths, and describing the lands of which they are the owners, and showing the amount at which the same was assessed upon the last preceding assessment roll of said city and county, and stating that they are the owners and in possession of the lands named in said petition, the said Board shall pass a resolution of its intention to recommend said improvement to the Supervisors; and shall in such resolution specify a

day upon which it will hear any objections that may be made to said improvement, before passing such resolution of intention. Before passing such resolution of intention, said Board shall cause to be prepared a map or diagram of the district affected by and to be assessed for the cost and expense of said improvement, upon which shall be delineated the several lots of land upon which said assessment is to be levied, and also the lots of land which are to be taken for said improvement, and showing the name of the person to whom the said lots were assessed upon the last assessment roll of said city and county, together with the amounts of such assessments.

SEC. 3. The Secretary of said Board shall thereupon cause said resolution of intention to be published in the official newspaper, for a period of thirty days, Sundays and non-judicial days excepted, and shall also cause a copy of said resolution to be served in the manner required for the service of a summons in an action of law upon each person whose name is delineated upon said map, and also upon the owner of the property, when the name of such owner can be ascertained from the person in possession thereof, or from the records in the Recorder's office, at least ten days before the day named for hearing objections thereto.

SEC. 4. At any time before the day fixed in such resolution for hearing objections to said improvement, any person interested therein may file with the Secretary of said Board his objections thereto, briefly stating the grounds thereof; and upon the day fixed for hearing the same, or some day to which the hearing thereof shall then be postponed, said Board shall proceed to hear and shall determine the sufficiency of any objections which may have been filed.

SEC. 5. If said Board shall determine that such objections are sufficient to prevent a recommendation of the improvement, it shall pass a resolution to that effect, and no further proceedings shall be had under the said petition. If no objections have been filed, or if the Board shall determine that the objections filed are insufficient, it may pass a resolution recommending to the Supervisors the said improvement, and its recommendation shall specially report to the Supervisors whether in its opinion the land within the district specified as affected by said improvement will be benefited to the extent of the cost and expense of said improvement.

SEC. 6. If said Board shall pass a resolution recommending the said improvement, the Secretary shall forthwith transmit to the Clerk of the Supervisors a copy of the said resolution, together with the petition, map, estimate of the cost and expense of said improvement, and any objections that may have been filed, and the Supervisors shall at its first regular meeting thereafter, or at such sessions of either Board of said Supervisors to which said hearing may be adjourned, proceed to pass upon said recommendation, and may, by resolution, adopt or reject the same; *provided*, that such recommendation shall not be adopted except by a vote of nine members of each Board. If said recommendation is rejected, no further action shall be had thereon or upon said petition. If the Supervisors shall adopt said recommendation, it shall within thirty days thereafter pass an ordinance providing for the said improvement, and may in said ordinance prescribe such rules for the conduct of the Board of Public Works, respecting the assessment and valuation to be made by said Board, and providing for the condemnation of said lands, and the collection of said assessment, in addition to the rules herein prescribed, as to the said Supervisors shall seem just and expedient. Upon the passage of said ordinance, the Clerk of the Supervisors shall transmit a certified copy thereof to the Board of Public Works.

SEC. 7. Upon the receipt by said Board of Public Works of a copy of said ordinance, said Board shall cause to be made an accurate survey of the contemplated improvement, and a map thereof, upon which shall be delineated, showing its extent in feet and inches, each and every lot or parcel of land which is to be taken or appropriated for the purpose of the intended improvement, and also each and every lot or parcel of land within the district determined to be affected by, and which is to be assessed for the cost and expense of said improvement, together with the names of the persons, as owners thereof, to whom the said lots and parcels were assessed upon the last preceding assessment roll of said city and county. After the said survey and map is made, the Board shall pass a resolution designating a day on or after which it will proceed to distribute and apportion, in the form of an assessment upon the lands and lots delineated on said map, the cost and expense of said improvement.

The cost and expense of the improvement shall include the value of the land taken, and the buildings and structures thereon, and the expenses of the proceedings for its appropriation or condemnation.

The Secretary of the Board shall cause said resolution to be published in the official newspaper for a period of twenty days before the day fixed for said resolution for proceeding to make said valuation and assessment.

SEC. 8. On the day named in said notice and upon such other days as the matter may be continued to, from time to time, said Board shall proceed to value the several parcels of land necessary to be taken for the purposes of the intended improvement. The said value shall be ascertained as of the time of said inquiry, independently of any appreciation or depreciation that may be caused to the same by reason of such intended improvement, and the Board shall fix said valuation as the amount to be given to the owners thereof. The Board shall also assess the benefits and damages which may result from the contemplated improvement to the lands within said district, and shall distribute the total value of all the lands taken, together with the damages, if any, caused by said improvement to the adjacent lands, and the estimated cost and expense of said improvement, in the form of an assessment, upon each and every lot or parcel of land within the district determined to be affected by said improvement in proportion to the benefits which said Board shall determine will be received by said lots and lands.

SEC. 9. If any portion of the land taken for such improvement shall be a part of a larger lot, the Board in making the assessment shall deduct from the value of the land taken, the amount of the assessment which shall be assessed for benefits upon the remaining portion of said lot, and the owner shall be entitled to receive the difference between the value of said lot taken and the assessment for benefits upon the remaining portion of the lot.

SEC. 10. Before proceeding to make such valuation and assessment, the Commissioners of the Board of Public Works shall each take and subscribe an oath before one of the Judges of the Superior Court of said city and county, that he will, to the best of his ability and without fear or favor, perform his duties in making the proposed assessment, and that he has no interest in any of the land to be taken or assessed for the proposed improvement. The meeting of the Board, when engaged in making said assessment, shall be public and shall be held at the office of the Board, and all persons interested in any such assessment shall have the right to be present and be heard, either in person or by counsel. All persons claiming any in-

terest in the lands to be taken for said improvement or that will be damaged thereby, are required at or during such hearing to file with the Board, plats, and a description of their respective lots of land, together with an abstract of their title or interest in the same.

SEC. 11. In making said assessment and valuation the Commissioners shall act as a Board, and the said assessment and valuation shall be authenticated by the signatures of at least two of said Commissioners as "Commissioners of the Board of Public Works," and every assessment and valuation so authenticated and recorded in the Book of Assessments for Condemnation shall be *prima facie* evidence of the correctness and regularity of all the proceedings of said Board and of the Supervisors prior to the date of such record.

SEC. 12. In determining the valuation of the property that is taken for said improvement, the Board shall, in its report, state, under appropriate headings, a brief description of each parcel thereof, the amount allowed for the same, the name of the owner of each parcel, when known (and if unknown, the same shall be so stated), the name of any claimant thereto, or to any interest therein; and in making the assessment for the cost and expense of said improvement, the Board shall state in the Assessment Roll, under appropriate headings, a brief description of each lot assessed, the amount assessed against the same, the person to whom the said property was assessed upon the last preceding assessment roll of said city and county, the owner thereof, if known (and if unknown, the same shall be so stated), and the total amount of the costs and expenses of said improvement.

SEC. 13. Upon the completion of the said valuation and assessment, the Board shall cause to be published, for twenty days, in the official newspaper, a notice of the completion of said assessment and valuation, and notifying all parties interested therein to examine the same, which notice shall also be served upon all persons interested or claiming an interest therein who have filed a plat and description, as required by section ten of this chapter, in the manner required for the service of a summons in an action at law, and for the purpose of such examination said assessment, valuation and maps shall be open and exhibited to public inspection at the office of the Board for thirty days after the first publication of said notice. During said period of thirty days, the Board may alter, change or modify said assessment in any respect. Upon the expiration of said thirty days, it shall

complete the same in the form of a report and schedule, embracing the value of the lands taken and the assessment of the said value, together with the costs and expense of the improvement, as hereinbefore provided, upon the several parcels of land embraced within the aforesaid district, which report and schedule shall, within ninety days after the first publication of the last mentioned notice, be filed in the office of the County Clerk together with a petition signed by the President of said Board to the Superior Court praying for a judgment of said Court confirming the assessment contained therein against the respective lots therein described as assessed, and for the condemnation and conveyance to said city and county, upon the payment of the value thereof, as ascertained by said report, of each of the parcels of land alleged in said petition to be necessary to be taken for said improvement.

SEC. 14. On filing such petition, and upon application to the said Court, the Judge thereof shall appoint some day, not less than ten nor more than thirty days thereafter, as the time when any objections to the confirmation of said report will be heard by said Court, and the Clerk of said Court shall thereupon cause to be published for ten days, in three daily newspapers of general circulation published in said city and county, one of which shall be the official newspaper, and the others of which shall be designated in the aforesaid order of the Judge, a notice of the filing of said report and of the day assigned for the hearing of any objections that may be made thereto, and any party interested therein may at any time before the day assigned for the hearing thereof, file in said Superior Court his objections, in writing, to the confirmation of the same, specifying with particularity his objections, and all objections not so specified shall be deemed to be waived. Upon the day fixed in said order of the Judge, the said Court shall proceed to the hearing of any objections that may have been filed to the confirmation of the said report, and upon proof of the publication of said notice, said Court shall have and take jurisdiction of said report, and of the subject matter thereof, as a special proceeding, and upon the said day, and at any other time or times to which said hearing may be adjourned, may hear the allegations of the parties and proofs adduced in support of the same, and may confirm said report, or change, alter or modify the same, or cause the same to be changed, altered or modified by said Board of Public Works. Said judgment of confirmation shall be a lien upon

each parcel of land described in such report for the amount assessed against the same, and shall provide for the conveyance to said city and county of each and every of the lots of land declared necessary for the purpose of said improvement, upon the payment of the value thereof as ascertained by such judgment.

SEC. 15. Any person who may have filed objections to the confirmation of said report may appeal from said judgment to the Supreme Court at any time within thirty days after such judgment. The amount of the undertaking on such appeal shall be fixed by the Judge of the Superior Court and such undertaking shall be made payable to the City and County of San Francisco. For the purposes of such appeal the judgment roll of the proceedings in the Superior Court shall consist of the report, objections, judgment and bill of exceptions, or so much thereof as may be necessary to determine said appeal, and said appeal shall be heard by said Supreme Court on questions of law only. If said judgment be reversed or modified, the Superior Court shall take such proceedings as will cause the said assessment and valuation to be made in accordance with the opinion of the Supreme Court. The City Attorney shall act as the attorney for the Board of Public Works in proceedings under this Chapter.

SEC. 16. After the confirmation of said report, if the time for appealing has expired, or if an appeal has been taken and the judgment appealed from has been affirmed, upon the application of the Board of Public Works the Clerk of the Superior Court shall issue a certificate to that effect to said Board, and the said assessment shall then be recorded in a Book of Assessments for Condemnation kept for that purpose, and the record thereof signed by the President and Secretary of said Board; and the Secretary shall then deliver to the Tax Collector the assessment so confirmed and recorded, together with the said certificate of the County Clerk and a warrant to the Tax Collector directing him to collect the said assessment; and thereupon such proceedings shall be had in the collection of said assessment as are hereinbefore provided for the collection of assessments upon property for the improvement of streets.

SEC. 17. Upon the report of the Tax Collector to the Supervisors that the amount of said assessment has been collected and paid into the Treasury, the Supervisors shall order to be paid out of the Treasury the sums fixed in said judgment as the compensation for the lands to be taken for said improvement, and

upon the delivery to the Treasurer, by any person entitled to receive the compensation for any lot or parcel of land so taken, of a deed or conveyance of said lot or parcel of land, to the city and county, approved by the City Attorney, and a certificate from the said City Attorney that such person is entitled to the compensation for the land described in said deed, the Auditor shall audit and the Treasurer shall pay to said person the amount awarded for said lot by said judgment of condemnation.

SEC. 18. If the owner or owners of any of said lots or subdivisions neglect or refuse for the space of ten days, to make and deliver said deed or deeds, or are unable by reason of any incapacity to make a good and sufficient deed thereof to said city and county, or if the City Attorney shall certify that the title to any of said lots is in dispute or uncertain, or that there are conflicting claimants to the amount awarded as compensation therefor, or to any part thereof, a warrant upon the Treasury for the payment of the amount so awarded shall be by the order of the Supervisors drawn by the President and Secretary of the Board of Public Works, and, together with a certificate of the Treasurer indorsed thereon that the said warrant has been registered by him and that there are funds in the Treasury set apart to pay the same, be deposited with the County Clerk, and thereupon, upon a petition to the Presiding Judge of the Superior Court of said city and county setting forth said facts, by the President of the said Board of Public Works, the said Judge shall issue an order *ex parte* directing the Sheriff of said city and county to place the said Board of Public Works in the possession of the said land for the said city and county.

SEC. 19. At any time thereafter any claimant to said award, or any part thereof, may file his petition in said Superior Court against all parties in interest for an adjudication of all conflicting claims to the same, or for an order that the same be paid to him, and thereupon such proceedings shall be had thereon as may be agreeable to law and equity. Upon the entry of a final judgment in such proceeding, the County Clerk shall collect the warrant and pay the proceeds to the person or persons named in said judgment as entitled thereto. It shall be provided in said judgment that before receiving the proceeds of said warrant, said party or some one duly authorized in his or their behalf, shall make and execute to the city and county and deliver to the County Clerk a sufficient deed conveying to said city and county

the said lot of land, and by him delivered to the Clerk of the Supervisors, who shall cause the same to be recorded in the Recorder's office.

SEC. 20. Immediately after taking possession of the land required for said street, said Board of Public Works shall report the same to the Supervisors, and thereupon the Supervisors may order said street to be graded, and the same proceedings shall be had in awarding the contract and payment therefor, as are hereinbefore provided for in reference to contracts for grading other streets.

SEC. 21. If any member of said Board of Public Works shall be interested in any of the land to be taken or assessed for such improvement, it shall be the duty of the Mayor to appoint for the purpose of making the said assessment and valuation only, some competent person to act as one of the Commissioners therefor, who shall possess the same qualifications as are provided for said Commissioners, and who shall before entering upon his duties, take the oath required of said Commissioners, and enter into a bond for such amount as may be fixed by the Supervisors.

SEC. 22. The proceedings under this Chapter from the time the Clerk of the Supervisors shall have received from the Secretary of the Board of Public Works the copy of the resolution recommended by the improvement as provided in Section 6 of this Chapter, shall impart notice to all persons of the pendency thereof, and all conveyances and interests subsequent thereto shall be subject to the same.

CHAPTER IV.

OF SEWERS AND DRAINAGE.

SECTION 1. The Board shall devise a general system of drainage which shall embrace all matters relative to the thorough, systematic and effectual drainage of not only surface water and filth, but also of the soil on which said city is situated, to a sufficient depth to secure dryness in cellars and entire freedom from stagnant waters, and in such manner as best to promote the cleanliness and healthfulness of said city and county, and shall report to the Supervisors in reference thereto, and shall from time to time make to the Supervisors such recommendations upon the subject of sewerage and drainage as it may deem proper.

SEC. 2. The Board shall prescribe the location, form and material to be used in the construction, reconstruction and repairing of all public sewers, manholes, sinks, drains, cesspools, and other appurtenances belonging to the drainage system, and of every private drain or sewer emptying into a public sewer, and shall determine the places and manner of such connection.

SEC. 3. The Board shall have power to recommend rules and regulations and restrictions concerning the public and private sewers and drains in said city and county, and upon the recommendation of said Board the Supervisors are authorized to pass an ordinance establishing the same and prescribing the penalties for any violation thereof.

SEC. 4. No person shall make connection with or open or penetrate into any public sewer or drain without first obtaining a permit in writing from the Board of Public Works, and complying with the rules and regulations of the Board in reference thereto.

SEC. 5. Whenever the Board shall recommend to the Supervisors the construction of any sewer or drain it shall at the same time make and furnish with said recommendation an estimate of the cost thereof, and of the time required for constructing the same.

SEC. 6. The Board may also recommend to the Supervisors the construction of such canals, sewers, ditches, drains, embankments, reservoirs, pumping works, machinery, and other works necessary for a proper and effectual drainage of said city and county, together with plans for connecting the same with sewers and private drains already constructed or thereafter to be constructed.

SEC. 7. The Supervisors shall not authorize the construction of any sewer or drain, except upon the recommendation of said Board.

SEC. 8. The Supervisors may, by ordinance, upon the recommendation of said Board, authorize the purchase of any personal property, or the acquisition by purchase or condemnation of any real estate which may be necessary for the construction of any sewer or the making of any improvement provided for in this Chapter. The title to all real estate purchased shall be taken in the name of the city and county.

SEC. 9. The said Board may also, with the like approval of the Supervisors, agree with the owners of any real estate upon which it is deemed desirable to construct any sewer or other improve-

ment relative to sewerage or drainage, upon the amount of damage that is to be paid to such owners for the purpose of such improvement and for the perpetual use of said real estate for such purpose.

SEC. 10. Whenever, upon the recommendation of said Board, the Supervisors shall determine upon any improvement for purposes of sewerage and drainage which necessitates the acquisition or condemnation of private property, and the Board of Public Works are unable to agree with the owner or owners thereof upon the amount of compensation or damages to be paid therefor, or whenever such owner or owners are in any way disqualified or incapable of making any agreement in reference thereto, and in all cases in which said Board shall deem it most expedient, the said Board shall, upon the approval thereof of the Supervisors, expressed by ordinance, have the right to cause the said property to be condemned, and to institute proceedings for the condemnation of such property, or for the ascertainment of such damages in the manner, so far as the same is applicable, which is herein provided for the condemnation of real estate when necessary for the opening of any new street.

CHAPTER V.

OF THE NEW CITY HALL.

SECTION 1. The Board of Public Works, whenever authorized by the Supervisors, evidenced by ordinance, and when the necessary money has been provided therefor, may proceed with the construction of the buildings and improvements on said premises, known as the New City Hall, according to the plans heretofore adopted for the construction of the same.

SEC. 2. The Secretary of the Board shall keep the records of the proceedings of said Board, respecting the construction of the New City Hall, in the same books in which they have hitherto been kept; and the said records shall be kept distinct from the general records of said Board, and be open to the inspection of the public at any time during office hours. The said Secretary shall keep full and correct minutes of all the proceedings of said Board respecting the construction of said New City Hall, and shall keep an accurate account of the receipts and disbursements thereof, and shall keep an accurate account with each officer, clerk, contractor and employee for any work or material done or furnished for the construction of said New City Hall.

SEC. 3. When work is to be done upon said building, or materials to be furnished therefor, the Board shall advertise for at least thirty days in the official newspaper, and also in two other newspapers of general circulation, published in said city and county, of which one shall be published in the morning and one in the evening, for sealed proposals for doing said work or furnishing said material, or both, as it may deem best. Said advertisement shall contain a general description of the work to be done and the materials to be furnished, the time within which the same is to be done or furnished, the amount of the bond to be given as security therefor, and shall refer to plans and specifications for such other details as may be necessary to give a correct understanding regarding the work or materials, and shall also state the day, and the hour on said day, when said bids will be received and opened. The provisions contained in Chapter II of this Article, in reference to bids and proposals, and awarding and entering into contracts and giving bonds for the performance of such contracts, are hereby made applicable to all contracts to be entered into for the completion of the New City Hall.

SEC. 4. For the purpose of raising the money necessary to complete said building, the Supervisors may, at their discretion, in making the annual tax levy for city and county purposes, apportion to the New City Hall Fund an amount not to exceed ten cents on each one hundred dollars of value, as shown by the assessment roll of said city and county for the ensuing fiscal year.

SEC. 5. The money in the New City Hall Fund shall be used for the payment of claims for work, labor and materials used in the construction of said building, and the salaries and wages of the persons employed in and about the construction of said building, and in no case shall any portion of said fund be used or expended for any other purpose than that herein indicated, nor shall any part of the cost of the construction of said building be paid out of any other or different fund. All claims against the said fund shall be allowed by the Board in the same manner as other demands upon the City and County Treasury.

SEC. 6. Said Board may allow the claims of the contractors, from time to time, as work progresses or materials are furnished, but until the contract is completed such demands thereon allowed shall not exceed seventy-five per cent of the value of the labor or material furnished, which said value shall be ascertained

and determined by the certificate of the Architect and Superintendent, subject to the approval of said Board.

SEC. 7. The said Board shall, on or before the first day of August in each year, transmit to the Supervisors a statement showing the moneys expended during the preceding fiscal year, the contracts upon which the same were expended, the amount due upon unfinished contracts, and a list of the contracts awarded and unfinished, and the amount of money that will be required for each of said contracts within the current fiscal year, and the estimated amount required to complete the said New City Hall, and such other matters as will show the progress made in the construction of the said New City Hall.

SEC. 8. When the said New City Hall shall be erected and completed, the Board shall render a full and final account of its transactions.

SEC. 9. The Commissioners of the Board shall not, nor shall either of them, or the Architect, Superintendent, Engineer or Secretary, be interested, directly or indirectly, in any contract for work, labor or material, entered into by said Board; nor shall either of them be allowed to receive any gratuity or advantage from any contractor, laborer or person furnishing labor or material for the same. A violation of the provisions of this section shall be a felony.

CHAPTER VI.

OF THE PARK COMMISSIONERS.

SECTION 1. All public parks, avenues, roads, highways and places which have been hitherto under the management and control of the Park Commissioners and the Superintendent of Streets, shall continue to be and remain public parks and grounds, and shall, under such general rules and regulations as the Supervisors may by ordinance prescribe, be under the control and management of a Board of three Commissioners, who are hereby designated as Park Commissioners. Said Commissioners shall be appointed by the Mayor, and hold office for four years from the date of their appointment, and until their successors are appointed and qualified; provided, that the present Park Commissioners shall continue to hold their office until the expiration of their term of office, and provided, further, that the persons first appointed as Park Commissioners under this Charter shall, immediately upon their appointment, so classify themselves by lot that the term of office of one of said Commis-

sioners shall expire at the expiration of two years, one at the expiration of three years, and one at the expiration of four years from the date of their appointment.

SEC. 2. Each of the Commissioners shall possess the same qualifications for eligibility as are required for the Mayor, and shall, within twenty days after the receipt of his commission, take and subscribe the constitutional oath of office. The said Commissioners shall not receive any salary or compensation for their services. Two of said Commissioners shall constitute a quorum for the transaction of business, and no money shall be expended or contract entered into authorizing the expenditure of money without the approval of two of said Commissioners.

SEC. 3. The said Park Commissioners shall have power to govern, manage and direct the said public parks and grounds; to lay out, regulate and improve the same; to pass regulations for the use and government of the same; to employ such laborers and other workmen as may be necessary from time to time, and to fix the amount of their compensation, and shall have control and disposition of the funds provided for the management and improvement of said parks and grounds. The sale or gift of intoxicating liquors shall not be permitted within the limits of any of the public parks, and a violation of this provision shall be a misdemeanor.

SEC. 4. The said Park Commissioners shall hold and exercise all rights and privileges that have been hitherto conferred upon the Park Commissioners heretofore having the control and management of said public parks and grounds, and shall have and take possession and control of all papers, maps, documents, plans, property and property rights used in connection with or appertaining to said public parks and grounds, or to the management thereof.

SEC. 5. The said Commissioners may from time to time pass such regulations as they may deem necessary for the regulation, use and government of said parks and grounds not inconsistent with the laws of the State, and may prescribe the penalties for their violation. All persons arrested for the violation of such regulations shall be tried before the Police Court. Every such regulation shall, before it takes effect, be published for ten days (legal holidays excepted) in the official newspaper. All existing regulations heretofore passed by the Park Commissioners who have had the control and management of said public parks and grounds shall continue to be of full force until repealed or modified.

SEC. 6. The Chief of Police shall, when so required by the Park Commissioners, detail as many policemen from the regular police force for said parks and grounds as said Park Commissioners may deem requisite for the purpose of enforcing their ordinances and regulations. Said policemen shall be known as the "Park Police," and shall have authority to arrest, and hold to such bail as in the regulation may be fixed as the maximum penalty for the violation thereof, or as may be prescribed by regulation by said Park Commissioners, any person who shall be found in the act of violating any ordinance or regulation of said Park Commissioners, or of the city and county. The said Commissioners may also provide a place of detention within either of said public parks in which the persons so arrested may be detained temporarily, or until said park police can deliver the person arrested to the authorities at the city prison.

SEC. 7. The Supervisors shall annually appropriate a sum not exceeding one hundred thousand dollars for the purpose of preserving and improving the said public parks and grounds.

SEC. 8. Said Commissioners shall not in any year incur any greater liability or expend any money beyond the amount provided for in Section 7 of this chapter, provided that if at the close of any fiscal year there shall be any money in the Treasury to the credit of the Park Improvement Fund, the same shall be carried to the credit of said fund at the beginning of the next fiscal year and may be expended by said Park Commissioners during said year in addition to the amount appropriated for that year.

SEC. 9. The Park Commissioners may employ one general superintendent who shall perform the duties of overseer and managing gardener. The City Engineer shall be *ex-officio* the engineer for said public parks and grounds, and shall perform such engineering work and surveying as the Commissioners may require of him, and shall make no charge for the services performed by him.

SEC. 10. The said Commissioners shall, on or before the first day of August in each year, make a full report to the Supervisors of their proceedings, and a detailed statement of all the expenditures by them during the preceding fiscal year, and of the amount of money unexpended and to the credit of the Park Improvement Fund.

SEC. 11. No money shall be paid out of the Treasury for any salary or expenditure incurred in the management or improve-

ment of said parks and grounds unless the same shall have been previously approved and allowed by at least two of said Commissioners which approval and allowance shall be indorsed upon the face of the claim or demand, and shall specify the purpose for which said expenditure is made; said claim or demand must then be presented to the Supervisors for allowance, and if allowed shall be audited and paid out of the Park Improvement Fund in the same manner as other demands on the Treasury.

Sec. 12. The said Commissioners shall not, nor shall either of them be at any time interested, either directly or indirectly, in any contract or work of any kind, in or about said parks and grounds, or in any claim or demand that may be approved or allowed by any of said Commissioners. A violation of the provisions of this section shall be a felony.

The Supervisors are authorized and required by ordinance to provide, fit up and furnish, and provide with fuel, lights, stationery and all necessary conveniences, attendants and care, rooms convenient and accessible to the Judges and officers of the Courts, sufficient for the use and accommodation of the San Francisco Law Library established under an Act of the Legislature of this State, entitled "An Act to provide for increasing the law library of the corporation known as the San Francisco Law Library, and to secure the use of the same to the Courts held at San Francisco, the Bar, the City and County Government, and the people of the City and County of San Francisco," approved March 9th, 1870, and for the use and accommodation of those who have occasion for its use. The Supervisors are authorized and required to appropriate, allow and order paid out of the General Fund such sums as may be necessary for the purposes aforesaid, and all sums lawfully appropriated and expended pursuant hereto shall be paid out of the General Fund on demands duly audited, in the mode prescribed by this Charter for auditing other demands upon the Treasury.

CHAPTER II.

OF THE HOUSE OF CORRECTION AND INDUSTRIAL SCHOOL.

SECTION 1. The Supervisors may continue, and provide for, the House of Correction and the Industrial School, and by ordinance may, from time to time, prescribe rules and regulations for their management. Subject to such rules and regulations, these institutions shall be under the control and direction of four Commissioners, to be known as the Reformatory Commissioners, who must have the same qualifications as are required for the office of Mayor, and shall be selected from persons of different political parties, who are known to be interested in prison management and reform. They shall be appointed by the Mayor. Their term of office shall be four years, but of those first appointed two, to be designated by the Mayor, shall be appointed for only two years.

SEC. 2. The Commissioners shall take the constitutional oath of office, file the same with the Mayor, and within one month after their election shall organize as a Board, and may maintain an office. Three shall constitute a quorum, and the concurrent vote of three members shall be required for business transactions. From their number they shall elect a President, and they may also elect a Secretary, whose duty it shall be to keep a full and correct record of all their proceedings, and who shall also perform such other duties as may be prescribed by the Board or the Supervisors. The authorized expenditures of the Board shall be certified by the President and Secretary to the Supervisors, and, when allowed and audited, as in this Charter required, shall be paid by the Treasurer out of the appropriate fund.

SEC. 3. The Board shall appoint a Superintendent of the House of Correction, who shall possess the qualifications as to eligibility as are required for Mayor. He shall give a bond in the sum of ten thousand dollars, with good and sufficient sureties, to be approved as provided in this Charter, and he shall have power to appoint and remove such subordinates as said Commissioners may deem necessary, and as may be authorized by general rules and regulations of the Supervisors, and the pay of each of such subordinates shall not exceed fifty dollars per month. In all cases of removal the Superintendent shall report to the Board at its next meeting.

SEC. 4. The Superintendent shall have charge of the House of Correction; see that its affairs are conducted in accordance with the provisions of this Charter, the laws of this State, and such regulations as may be prescribed by the Board; provide that male prisoners and female prisoners

The Board shall have full power to do any and all things necessary for providing employment for the persons confined in the House of Correction, for the benefit of the city and county, not inconsistent with the Constitution or the laws of the State. The Superintendent shall see that the persons so laboring shall be duly and sufficiently secured at all times while at work; keep an exact account of all hired labor, the number of days' work done, and for whom, and the amount collected or due on such work; punish disobedient or disorderly prisoners who do not faithfully perform their task, by placing them in fetters and shackles, or confining them in dark or solitary cells. The Superintendent shall give his personal attention to the duties of his office; shall reside at the House of Correction, in rooms provided therein for that purpose, and shall never absent himself therefrom for more than six hours without the consent of the Board.

The persons first appointed Fire Commissioners, as provided in this Charter, shall so classify themselves by lot that one of them shall go out of office annually. Before entering upon the discharge of their duties, the Commissioners shall each take and subscribe the constitutional oath of office. If any of the persons appointed Commissioner, as herein provided, shall fail to qualify within ten days after his appointment, the office shall be vacant. No member of the Board of Fire Commissioners shall be eligible for or hold any elective office under the city and county, or State government, during the term for which he was appointed. Immediately after the appointment and qualification of the Commissioners they shall organize by selecting one of their number as President, and electing a Secretary. Said board shall meet at least once in each month, and all meetings shall be open to the public. The Board may also meet and adjourn from time to time, as the business of the department may require. No more than two of said Board shall be of the same political party. The person chosen Secretary of said Board shall, before entering upon the discharge of his duties, execute a bond, with two or more sureties, in the penal sum of twelve thousand dollars, conditioned for the faithful discharge of his duties, to be approved as provided in this Charter. Said Secretary shall give an additional bond whenever directed by the Board. Said Secretary shall attend daily, during office hours, at the office of the Board of Fire Commissioners, which may be the office of the Chief Engineer, Assistant Chief Engineer and Assistant Engineers; and shall perform the duties of Secretary to said Board and Chief Engineer, and such other duties as said Board, from time to time, may prescribe.

SEC. 2. The said Board shall keep a full and correct record of its proceedings, and shall annually, on or

before the first day of August, make to the Supervisors a full and complete report in writing of the condition of the Fire Department under its care, on the thirtieth day of June of said year, with a detailed statement of the expenditures of the Department for the preceding fiscal year, and showing the expenditures on account of each company separately stated. The said Board shall prepare and submit to the Auditor, on or before the first day in May, in each year, an estimate of the amount required to maintain the said Fire Department during the ensuing fiscal year, which estimate shall be in detail, and shall be reported by the Auditor to the Supervisors with his annual estimates. The Board of Fire Commissioners shall, on the first day of May in each year, make out and file with the Clerk of the Supervisors a list or statement of all the articles, apparatus, materials and supplies of every kind and description whatever, that will be required by the Fire Department during the next ensuing fiscal year. This list or statement shall be certified to by the President and Secretary, and shall include everything required for the Fire Department. No article whatever shall be delivered to the Department for use, or otherwise, except upon the requisition of the Board of Fire Commissioners; and the Clerk of the Corporation Yard shall not deliver any stores or supplies pertaining to said Fire Department, to any officer, member or employee, except upon an order signed by the Secretary of said Board; *provided*, that pending a conflagration, such material or apparatus as may be required for the purpose of extinguishing such conflagration, may be withdrawn from the Corporation Yard, on an order by the Chief Engineer.

It shall be the duty of the said Board to supervise, direct and control the officers, members

and employees of the said Fire Department, and see that they faithfully discharge their duties, and that the laws, ordinances and regulations relating to said department are carried into operation and effect, and to make all rules and regulations necessary to secure discipline and efficiency in the department; and, to enable it to enforce such rules and regulations, it shall have power to impose reasonable fines and forfeitures for a violation thereof, and for neglect of duty, or misconduct, and to enforce the collection thereof. All fines and forfeitures collected under the provisions of this section shall be paid to the City and County Treasurer, who shall keep the same in a fund to be known as the "Fund for the Relief of Disabled Firemen;" which said fund shall be under the control of the Board, which is authorized to disburse the same in the cases hereinafter set forth; all drafts upon said funds to be signed by the President and Secretary of said Board and audited by the Auditor as in other cases.

SEC. 4. Every claim against the Fire Department shall be approved by the said Board, and no claim of any character whatever which rightfully should be charged to the Fire Department Fund, shall be allowed or ordered paid by the Supervisors, or allowed by the Auditor, or paid by the Treasurer, until the same has been approved by the said Board, in open session, on a call of the ayes and noes, which approval shall be entered in the minutes of said Board. A certificate that the claim has been so approved shall be indorsed on the claim, and signed by the President and Secretary of the Board, before the same can be allowed or ordered paid by the Supervisors, or audited by the Auditor, or paid by the Treasurer. All contracts and work for the Fire Department shall be ordered or let by the Supervisors, and said Board of Fire Commissioners shall supervise all contracts awarded and work done for the said Fire Department and Fire Alarm and Police Telegraph, except work done under direction of the Board of Public Works, and shall see that all contracts are awarded and work done are faithfully performed.

Each Assistant Engineer shall reside in the district to which he has been assigned, and be immediately responsible for the condition of the apparatus and the discipline of the men in said district.

SEC. 10. The Chief Engineer shall enforce the rules and regulations made from time to time to secure discipline in said Fire Department. He shall have power to suspend any subordinate officer, member or employee for a violation of the same; and shall forthwith report in writing, what he has done, with his reasons therefor, to the Board of Fire Commissioners for its action. He shall diligently observe the condition of the apparatus and workings of said Depart-

CHAPTER I.

SECTION 1. The Police and Election Commissioners shall, within ten days after their appointment, organize themselves as the Board of Election Commissioners by choosing one of their number as President. They shall elect a Secretary of the Board who shall be Supervisor of Elections in said city and county. He shall hold office during the pleasure of the Board. He shall keep the records, execute the orders, and enforce the rules and regulations of the Board, and perform such other service as the law and this Charter shall prescribe. He shall give an official bond, with two sufficient sureties, to be approved by the Mayor, in the sum of five thousand dollars, for the faithful discharge of the duties of his office. All of the clerks may, if required by the Board, act as Deputy Secretaries and Supervisors of Elections.

SEC. 2. The Board of Election Commissioners may, if they deem it necessary to perform the service, appoint not to exceed two permanent clerks. Such clerks shall perform such service as the Board shall require. The Board may in like manner, during the three months immediately preceding, and ten days after any election, employ such clerical assistance as may be necessary, not to exceed six temporary clerks in all; and for the same period, and no longer, a janitor. All Deputy Clerks to be appointed equally from both parties.

SEC. 3. The conduct and management of the registration of voters and of the holding and conducting of elections, and of all matters pertaining to holding elections, shall be vested in the Board of Election Commissioners; *provided*, that the power to order special elections to be held, to declare the purpose thereof and the time for holding the same when not fixed by law or this Charter, is

vested in the Supervisors. Said Board of Election Commissioners shall have and exercise all the powers and be charged with all the duties as to the registration of voters and holding and conducting elections, and all matters pertaining to holding and conducting elections, which are granted and prescribed by this Article, and also all those which are now or may hereafter be vested in them by ordinances and by general laws.

SEC. 4. The Secretary of the Board and *ex-officio* Supervisor of Elections, subject to the control of said Board, shall have all the powers, discharge all the duties, and be liable to all the obligations with respect to matters pertaining to holding and conducting elections, now or hereafter belonging to, or resting upon the County Clerks of other counties of this State under the general laws thereof, so far as the same are not inconsistent with the provisions of this Charter; *provided*, however, that all matters pertaining to election contests shall be conducted by such officers and in such manner as is now or may hereafter be provided by law.

SEC. 5. The Board shall, within one year after each general election, divide said city and county into election precincts, of which there shall be as many as shall be sufficient to make the number of votes polled at any one election precinct, not more than two hundred and fifty, nor less than one hundred and fifty, as near as can be ascertained and arranged, using streets and avenues as boundaries; *provided*, that no precinct shall in any case extend beyond the ward lines; *and provided, further*, that when any one block shall contain more than two hundred qualified electors, such block may constitute one precinct, and that after the city and county shall have been once divided into precincts, the boundaries of any precinct shall not be changed until the votes cast in said precinct shall exceed two hundred and fifty.

SEC. 6. All officers and persons heretofore exercising any duties in reference to the registration of voters or electors in the City and County shall upon demand transfer and deliver to the Board of Election Commissioners all registers, records, books, documents, blanks, charts and things belonging to or in any wise appertaining to the registration of voters or election matters in said city and county.

SEC. 7. The office of the Commissioners shall be kept open for business from eight o'clock, A. M., till five o'clock, P. M., every day in the year, Sundays and legal holidays excepted; and, when required by the Board to perform the service, such additional hours as may be necessary, but no extra allowance or compensation shall be made.

The Secretary, and all deputies and clerks, shall be constantly in attendance, except when absent upon official business. The Election Commissioners, the Secretary, and all deputies and clerks, as well as the members of all Precinct Boards and their clerks, and all election officers, shall have power to administer oaths and affirmations in all matters touching elections, the duties of their offices, and the registration of voters or inquiry into their qualifications.

SEC. 8. The Secretary shall constantly inform himself, by examination and inquiry, as to the condition of the precinct registers and the legality of the names thereon, or demanding to be placed thereon, and shall see that none but legal voters are registered. Should the Secretary have reason to believe that any name or names upon the precinct register is improperly or illegally there, it shall be his duty forthwith to send a written or printed notice, by postal card or letter to such person, directing the same to his address as found in the directory, or, in case his name is not in the directory, then to the address of such person as found on the Register requiring such person to show cause before the Commissioners, at a day to be named in said notice, why said Board should not cancel said name. If such person fail for five days after the day fixed for the hearing, to appear and establish the legality of such name, and on the certificate of the Secretary that notice in accordance herewith has been given, the Board shall inquire into the case, and if it appear to the satisfaction of the Board that such name is improperly upon the precinct register, then said Board shall make and enter an order directing the Secretary to cancel such name or names. But the parties may appear before said Board at the hearing and show cause against said order, and if the Board finds them properly registered, or entitled to registry, an order shall be made accordingly, which shall be final.

SEC. 9. The Secretary shall keep in his office, which shall be the office of the Board, a list of all deaths of adult males, occurring in said city and county, as well as of the deaths of such citizens as may come to his knowledge, who have died elsewhere, to be alphabetically arranged for convenience of reference. He shall also keep a list of all removals or changes of residence, so far as he can learn the same, and of commitments to prisons and insane asylums, with time and place, as well as such other information as shall be found useful and within his reach. It shall be the duty of all Clerks of Courts, Prison Keepers, Health Officers, and all other public officers, on demand, to furnish to said Secretary certified statements of such official facts,

within their knowledge, necessary or useful to him in and about the performance of his said duty.

SEC. 10. The Secretary, under and subject to the rules of the Board, must take charge of the business of placing the election officers, and when it is too late to call the Board together to fill vacancies, may select and appoint election officers for said purpose, from a list of substitutes selected by said Board. Should any election officer fail to appear at the opening of any election, or absent himself during the progress thereof, the officers in attendance may, subject to such rules as the Board may prescribe, fill up the same by appointing any competent citizen who is a registered elector of the precinct. In all cases in filling a vacancy the appointee shall be taken from the political party to which the person, whose place is to be filled, belongs. Any person refusing to serve when so appointed, shall be guilty of a misdemeanor.

SEC. 11. The registration of voters, counting of votes or ballots, and all proceedings connected therewith, shall be public, and citizens shall have free ingress and egress to and from the place where the same is being done. Any election officer or other person who shall hinder or impede any citizen in his right to free entrance to any polling place, or place of registration, and to observe and watch the registration and the counting of votes or ballots, shall be guilty of a misdemeanor.

SEC. 12. At every election each political party shall have the right to designate, place, and keep a challenger at each place of registration, revision of registration and voting, who shall be assigned such position immediately adjoining the officers of registration and of election, as will enable him to see each person as he offers to register or vote, and who shall be protected in the discharge of his duty by the officers of election and the police. Each political party may remove any challenger appointed by it, and may appoint another in his place who shall have the like authority as was conferred by the original appointment.

SEC. 13. It is hereby made the duty of any and all voters (persons holding office or employment under the United States, the State of California, or said city and county, or in any of its departments, excepted), to serve as Inspectors, and Clerks, or other officers of election, whenever required to do so under the provisions of this Article.

SEC. 14. It shall be the duty of the Secretary of the Board to obtain from the property tax-list and registers of voters the names of the resident citizens possessing the necessary qualifications to act as Inspectors and Clerks of Election, taking care to select persons of good reputation and character, and have the same placed in a book, so as readily to re-

fer to the places of residence and the precinct in which they vote. He shall take care that said list shows the names and residences of all property tax-payers who reside in said city and county, and who are voters, and shall ascertain, as nearly as he can, the capabilities of such voters to act as election officers. If any of them are incompetent to serve, and not otherwise, their names may be left off, but the reason must be noted.

SEC. 15. Said Commissioners shall select, except as herein otherwise provided, all election officers provided for by law or by this Charter for said city and county, and shall appoint them to their respective places. They must be citizens of said city and county, of good character, and able to read, write and speak the English language. Said Board shall have the power to make any regulations and rules for such appointment or selection as it may deem advisable, so as to secure integrity, impartiality and capacity for the work to be done ; and must take measures to secure the names of proper persons, citizens of said city and county, to fill all appointments as herein provided. In selecting such officers the Board must select, as nearly as possible, an equal number of persons of opposite political faith and opinions to serve at each precinct. And the persons so selected must be residents of the ward and of the Senatorial District in which the precinct is located.

SEC. 16. The Inspectors shall receive no compensation for any of their services. The said Board may, when necessary, provide for the compensation of clerks for tallying, writing and other matters requiring special skill and qualifications, such sum as may be necessary to secure such services; but not to exceed four dollars per day for any one clerk. Any clerk who would be entitled to receive compensation under the provisions of this section, may at his option, in writing, waive such compensation. No person holding any office or employment under the United States, the State of California, or said city and county, or any of its departments, or any candidate for office, or who shall have been either thereof within ninety days prior to his appointment, shall be eligible to, or allowed to serve as an election or registration officer, or clerk, or in any manner whatsoever at an election.

SEC. 17. Each and every person selected as an officer of election by the Commissioners shall be notified by the Secretary of the fact of his appointment. Such notice shall be in writing, or printed, and shall have printed thereon a copy of this section, and may be served by postal card or letter. Such person so notified shall, within the time fixed in the notice, which shall not be less

than five days, appear before the Supervisor of Elections for the purpose of examination, and if found qualified shall, unless excused by said Board, by reason of ill-health, or other good and sufficient cause, be bound to serve as such officer for the term of two years from the date of his appointment, unless excused or dismissed by the Board; and in case of neglect or refusal to comply with the above mentioned requirements, or to serve or act, shall be deemed guilty of a misdemeanor, and, on conviction in the Police Court, shall be liable to a fine of not less than twenty-five dollars nor more than one hundred dollars. Failure on the part of any such person to present himself for examination, or to comply with any of the requirements of this Article preliminary to receiving his certificate of appointment within the time prescribed, or to attend and perform the duties on any day of registration, or revision or examination of registration, or the day of any election during said term, unless prevented by sickness, or other sufficient cause (the burden of proof of which shall be upon the delinquent) shall be deemed a refusal within the meaning of this section. The Board of Police Commissioners are empowered to require the Police Force to serve the notices and other process, under such rules and regulations as they may adopt.

SEC. 18. The said printing shall be awarded to the bidder making the lowest bid for each name registered, counting said alphabetical lists as a part of the register, and counting each name only once; any bidder may bid for the printing

of any one or more of said registers. It shall be the duty of the Secretary of the Board and his assistants to supervise the said printing and see that all contracts with reference thereto are faithfully performed. They shall read and carefully examine the proofsheets and see that the printed copy exactly corresponds with the original register. Copies of said register when printed shall be immediately posted in the office of the Board of Election Commissioners. The Secretary of said Board shall furnish not to exceed five copies of each of said precinct registers to the authorized representatives of any political party in said city and county applying to him for the same.

SEC. 38. As soon as the Board of Election Commissioners receives the precinct register from any Board of precinct registration the Secretary shall proceed immediately to ascertain by inquiry and examination the correctness of said precinct registers, and to cancel all names not legally thereon, and shall prepare a supplemental list for each precinct, showing the cancellations and additions to the regular list made after the publication of the same, of which supplemental list a duplicate shall be kept in the same manner as hereinbefore provided for the precinct register. The printing of the said duplicate lists shall in like manner be contracted for, and the same shall be printed, posted and distributed in like manner at least fifteen days before the day of the election, after which no changes shall be made. SEC. 41. All provisions for carrying out the registration and election laws shall be made by the Board of Election Commissioners, and demands on the Treasury authorized or allowed by it for such purposes shall be paid in the same manner as other demands, after and subject to approval of the same by the Supervisors, and after being audited by the Auditor.

SEC. 44. Said additional Inspectors and Clerks shall be one-half each of different political faith and opinions, and possessing the other qualifications required by this Article, and shall be in all respects similarly named, selected, notified, examined, appointed, commissioned and sworn, as hereinbefore provided. They shall hold office for the same period of time as the others, and shall receive a like certificate of appointment, and shall be subject to the same rules as to payment. If any one of said additional Inspectors or Clerks is not present at the precinct at the closing of the polls the Precinct Board of Election must fill the vacancy by the appointment of some suitable person of the same political faith and opinions as the absent person.

SEC. 45. The polls must be opened at sunrise, and kept open continuously until sunset of the same day, when they shall be closed.

SEC. 46. As soon as the polls of an election shall have been closed, the Inspectors in their several election precincts shall immediately, and at the place of the polls, proceed to canvass the votes. Such canvass shall be made in the manner required by the laws of this State, shall be public, and shall not be adjourned or postponed until it shall have been fully completed. No vote shall be received, nor shall any ballot be counted or canvassed, nor shall any statement of votes, announcement or proclamation be made at any time when the main entrance to the room in which the election is held shall be closed in such a manner as to prevent ingress or egress; but the said Inspectors may station one or more officers at such entrance to exclude disorderly and improper persons; nor shall any such duties be performed unless at least six persons, if so many claim that privilege, are allowed to be present, and so near that they can see whether the duties of the said Inspectors are faithfully performed. When the canvass is completed, the returns shall be made in the manner provided by law and delivered to the Board of Election Commissioners, a delivery to the Secretary being deemed a delivery to the Board.

SEC. 48. For all powers, authority and duties in this Article prescribed for and conferred upon, and all action required of Inspectors of election or Boards of Election, save where such authority or action is specifically allowed to any of said Inspectors, the concurrence or assent of a majority of all the Inspectors of election, in any election precinct, must in all cases be obtained.

SEC. 49. The Inspectors of Election in each election precinct, while discharging any of the duties imposed upon them by this Article, shall have full authority to preserve order and enforce obedience to their lawful commands at and around the place of registration, or election, or canvass or return of canvass; to keep the access to such place open and unobstructed, to prevent and suppress riots, tumult, violence disorder, and all other improper practices tending to the intimidation or obstruction of voters, the disturbance or interruption of the work of registration or voting, or the canvass, or return of votes; and to protect the voters and challengers from intimidation or violence, and the registers, poll books, boxes and ballots, from violence and fraud, and shall appoint or deputize, if necessary, one or more electors to communicate their orders and directions, and to assist in the enforcement thereof.

All election proclamations, for municipal elections, shall be made and signed by the Mayor.

Inspectors of Election, who have actually performed the duties of the office in full up to the time of claiming such exemption, may be exempt from Jury duty so long as they continue to perform in full such election duties upon showing such fact by the certificate of the Secretary of the Board of Election Commissioners and the oath of the person claiming the exemption.

Of the Civil Service.

SECTION 1. The Mayor shall appoint four persons, not more than two of whom shall be adherents of the same political party, who shall constitute the Civil Service Commission of the City and County, who shall continue in office for the period of four years, and until their successors are appointed and qualified, and who shall serve without compensation.

SEC. 2. No person appointed to any position in any of the offices or departments shall be removed from office, unless by order of said Commission, after an examination in public and an adjudication upon written charges by some person who shall subscribe his or her name and address to such charges. And for the purposes of such examination and adjudication, the said four members of said Commission shall act in conjunction with the head or presiding officer of the particular office or department in which the person charged is employed.

Such adjudication as they, or the majority of them, shall make shall be final, and the same, with the reasons therefor, shall be entered at large upon the minutes of said Commission, and shall be open to public inspection.

If the said adjudication is that the person so charged shall be dismissed from his position, then and in that event such adjudication of dismissal shall operate as dismissal from the position held by the person charged, from its date. If the said adjudication is that the charges are not sustained, and that the complaint shall be dismissed, then and in that event the person charged shall remain undisturbed in his official position; *provided, however,* that in the event of any charge of misconduct made against any person liable to be tried by said Civil Service Commission, the officer or head of the department to whom the person so charged is subordinate may at his option suspend such person so charged from duty and pay until such charges are adjudicated.

And provided further, that the proceedings upon the trial of such charges of misconduct shall be in all respects in conformity with such general rules as may be prescribed by said Commission.

The statement and affidavit must remain of record in the office of the Auditor, and the Treasurer shall have access thereto.

SEC. 15. The several officers and heads of Departments on or before the first day of August of each year shall report to the Supervisors the condition of their respective offices and departments during the last preceding fiscal year, embracing all their operations and expenditures. Immediately thereafter the Supervisors shall prepare and publish an abstract from these several reports, and other sources, of the operations, expenditures and conditions of all offices and departments.

SEC. 16. The Supervisors, by ordinance passed by a two-third vote, may consolidate the House of Correction and the Industrial School into one institution under the same management ; or, when it shall be for the public interest in like manner, may abolish one or both of said institutions.

SEC. 17. Property belonging to the city and county or dedicated to public use, shall be exempt from sale under judgment, execution or order of any Court; and private property shall not be taken or sold for the payment of any corporate debt or liability of such city and county.

SEC. 18. All moneys, assessments and taxes belonging to or collected for the use of the city and county coming into the hands of any officer thereof, shall immediately be deposited with the Treasurer, or other legal depository, to the credit of such city and county, for the benefit of the funds to which they belong. If such officer for twenty-four consecutive hours shall delay or neglect to make such deposit as in this section required, he shall be deemed guilty of malfeasance in office.

SEC. 19. The making of profit out of city and county or other public money, or the money of any department, or using the same for any purpose not authorized by law, by any officer having possession or control thereof, is prohibited. Any officer violating this section shall be deemed guilty of felony, and in addition to the punishment prescribed by law may be removed from office for violation of official duty.

SEC. 20. The Supervisors at any time in the month of July of each year, shall have power by ordinance to establish, and may reduce and fix, but not increase beyond the limit declared in this charter, the salaries and wages of all such officers, deputies, clerks, assistants and other employees of the city and county, and of the Boards and Departments thereof (excepting those of the Mayor and the teachers and employees of the School Department), as are provided with salaries or wages in this Charter, which salaries and wages, when so fixed, shall go into effect on the first Monday after the first day of January next thereafter, and shall remain and be in force until changed as herein authorized; and in the same month of July of each year, on the special recommendation of the Mayor in writing, giving the number and department, the Supervisors, if in their opinion the public service requires it, by a two-third vote of all the members of each Board, may authorize a temporary increase, for a period to be named in the ordinance not exceeding one year, of the clerks and employees in any department; but such temporary clerks and employees shall not in number be in excess of the number, or for any other department, than as recommended by the Mayor, and their respective salaries, unless otherwise provided in this Charter, shall not exceed fifty dollars a month.

SEC. 22. Whenever the Supervisors shall determine that the public interest requires the construction or acquisition of any permanent municipal building, work, property or improvement, the cost of which is too great to be paid for out of the ordinary annual income and revenue of said city and county, they may by ordinance submit a proposition to incur a debt for such purpose, to the qualified voters at a special election, to be called for that purpose only, *provided*, such proposition shall specify the rate of interest and the amount of the proposed indebtedness and the specific purpose for which it is to be incurred, and shall make provision for the collection of an annual tax sufficient to pay the interest on such indebtedness, as it falls due, and also to constitute a Sinking Fund for the payment of the principal thereof, within twenty years from the time of contracting the same. Such election shall be conducted and proclamation thereof made, as in other municipal elections. The money so raised shall be paid into the Treasury and there kept as a "Special Election Fund," to be drawn and used only for the special purpose for which the indebtedness is incurred. Should such proposition be assented to by a two-thirds vote of the qualified electors voting at such election in order to provide the necessary funds for such purpose and no other, the Supervisors may incur an indebtedness by issuing the bonds of said city and county to an amount not to exceed the sum voted for at such election, and disposing of the same. Such bonds shall not bear over four per cent. interest per annum, and must be payable in not more than twenty years, and shall not be disposed of at less than their par value.

SEC. 23. When any public work or improvement of any description whatsoever, now or hereafter authorized by general or special laws, to be done or made in such City and County, in, upon or about the streets thereof, or otherwise, the costs and expense of which is made chargeable or may be assessed upon private property by special assessment, an estimate of such cost and expense shall be made and an assessment in proportion to benefits on all property to be affected or benefitted shall be levied, collected and paid into the Treasury before any such work or improvement shall be commenced, or any contract for letting or doing the same, authorized or performed.

•The Supervisors, when no other provision is made by law therefor, shall have power and authority by general ordinance and through and by the Board of Public Works to enforce and

On the question of removal the ayes and noes shall be entered on the Journal.

SEC. 25. The Supervisors, by ordinance, may at intervals of not less than two years, propose amendments and alternative amendments to this Charter, and cause the same to be published in two daily papers of general circulation in said city and county at least twenty days, and in like manner cause the same to be submitted to the qualified voters thereof at a general or special election to be held at least sixty days after the expiration of such publication; and if any such proposed amendment shall be ratified by at least three-fifths of the qualified electors voting thereat, the same shall be submitted to the Legislature at its next session thereafter for its approval or rejection as a whole, without power of alteration or amendment, and if approved by a majority vote of the members elected to each House, it shall become a part of this Charter.

SEC. 26. All ordinances, orders and resolutions of the city and county in force at the time when this charter shall take effect, and not inconsistent therewith, shall continue in force until altered or repealed; provided that all franchises and privileges heretofore granted by the city and county, which are not in actual use or enjoyment, or which the grantees thereof have not in good

faith commenced to exercise, are hereby declared forfeited and of no validity, unless said grantees or their assigns shall, within one year after this charter takes effect, in good faith commence the exercise and enjoyment of such privilege or franchise.

SEC. 29. All ordinances or resolutions for the improvement of any street, for which improvement no contract shall have been entered into at the time this Charter goes into effect, shall be and are hereby repealed.

SEC. 30. The Supervisors shall have power by ordinance, subject to the general laws of the State, to allow any transcontinental, or other steam railroad company, not having less than fifty miles of road actually constructed and in operation, and reaching the city and county line, to enter said city and county and make its way to the water front, or elsewhere, at the most convenient point for public convenience, and to grant necessary terminal facilities therefor; but no exclusive rights, franchises or privileges shall ever be granted, nor shall any railroad company ever have the exclusive right to lay tracks along, or around, or to occupy any more of the city front than is absolutely necessary for the enjoyment of such necessary terminal facilities; and, *provided further*, that no belt line railroad franchise or privilege shall ever be granted or allowed in said city and county on streets along and next to the water front thereof, unless owned by the City and County of San Francisco.

SEC. 31. All expenditures and payments by any and all departments of the City Government, for any and all purposes, payable out of the Treasury, except salaries fixed and established by law, ordinance or this Charter, shall be first authorized and passed by the Supervisors before they can be audited by the Auditor as in this Charter provided.

SEC. 32. Every Officer, Board and Department of the government of the city and county, shall be controlled by, and subject to, such general rules and regulations as the Supervisors may prescribe, by ordinance; and if the aggregate cost and expenses of such government shall be in excess of the income and revenue thereof, the Supervisors shall by ordinance so regulate and apportion the cost and expenses thereof, and of the several departments, so as to bring them within the yearly income and revenue.

SEC. 33. The several Courts in said city and county shall take judicial notice of all ordinances adopted by the Supervisors.

SEC. 34. Upon the ratification and approval of this Charter, as provided in Section 8 of Article XI. of the Constitution, it shall become the organic law of the City and County of San Francisco, and supercede any existing Charter and all amendments thereof, and all special laws inconsistent with such Charter.
